## LaMonte Man Dies In Crash

**William Gerkin, 68, Is Fatally Injured As Two Cars Collide Near Knob Noster**

William E. Gerkin, 68, LaMonte, died at the Warrensburg Medical Center about 10:30 p.m. Tuesday, from complications as a result of a wreck at the west edge of Knob Noster on Highway 50 at 5:15 o'clock that afternoon. Three other persons were injured in the mishap. The accident occurred at the bottom of the hill just west after passing through Knob Noster.

The car was owned by Gerkin and was reported driven by John Henry Hontz, 64, LaMonte, who was also severely injured, but is not said to be critical.

In the second car were Mrs. Thelma Bolles, 35, Warrensburg, a civil service employee at the Sedalia Air Force Base, and S/Sgt. Wayne A. Henson, 25, of the 340th Supply Squadron SAFB, who were less injured.

According to information obtained by the State Highway Patrol Hontz was driving the Gerkin car, a 1936 Chevrolet sedan, and was headed east on Highway 50, while the second car a 1951 Mercury sedan, was being driven west by S/Sgt. Henson.

Another car which was not struck was driven east on the highway by Earl Raymond Hix, 1504 South Ohio, and Hix had slowed his car down to make a turn to the left into a drive-in.

It was reported Hontz seeing the car slow down applied the brakes on the car he was driving endeavoring to keep from hitting it and the car suddenly swerved to the left in the west bound lane of traffic. The left front portion of the Mercury crashed into the right side of the old car and the two doors on the right side were ripped off, the front right side of the hood and fender on the Chevrolet damaged to an extent it was declared the Chevrolet was demolished.

The left front part of the Mercury and the left side were smashed. The damage was estimated at more than \$500.

As the cars collided Gerkin was thrown out of the car on to the pavement. Hontz apparently was thrown into the back seat of the vehicle.

Gerkin suffered the fracture of several ribs, fractured collar bone, internal injuries, minor cuts and was in severe shock. Medical attendants were alarmed over his condition when they learned Gerkin had been suffering a bad heart condition for sometime. He apparently responded to treatment for shock and his injuries at first, but turned worse a few minutes before he died.

Hontz suffered a long scalp wound, fractured nose, and minor cuts and bruises. His condition is severe but not serious according to a report from the Warrensburg Medical Center.

The two men were treated by Dr. R. Lee Cooper. They were taken. (Please turn to Page 6, Column 4.)

## Citizens, Chamber Meet With Planners To Discuss Zoning

A representative of Hare and Hare, city planners from Kansas City, met with the Citizens Advisory Committee and representatives of the City Council and the industrial committee of the Chamber of Commerce at City Hall Tuesday evening to go over any questions or suggested changes in the new proposed city zoning ordinance.

Suggested changes were noted by Mr. Hare and his assistant and will be given further study.

## Swimming Delayed

The swimming pools may be open, but it's a cinch that only the hardy will venture in for a dip before the weather warms up a little more than it has been. Of course, every town has its Polar Bear Club.

Partly cloudy and warmer to night. Increasing cloudiness Thursday. Chance of scattered showers tonight and Thursday. Low tonight near 65; high Thursday in 80s.

Stage at Lake of the Ozarks 54.3; rise 4.

The temperature at 7 a.m. was 59; at 1 p.m. and 82 at 2 p.m. Rainfall 18 inch, which is .08 inch above normal for May. Rain that month was 4.62 inches, being over the 4.54 inches normal. Shortage for the year through May is 3.76 inches.

The temperature one year ago today, high 78, low 57; two years ago, high 83, low 67, with .11 inch of moisture; and three years ago, high 82, low 50.

Arranged for Tuesday Night—

## Sedalia's Postmen Will Walk For Cerebral Palsy Donations

On Tuesday, June 7, postmen in the city of Sedalia will walk their routes a second time, after hours, to receive contributions for United Cerebral Palsy of Pettis County.

With their theme "We Walk Again So They May Walk," Branch No. 139, National Association Letter Carriers, which is the Sedalia local for postmen, will help to

lead a drive for funds for United Cerebral Palsy. Postmen of many states have conducted similar walks for cerebral palsied children and adults, who often cannot walk at all without proper care and treatment.

H. P. Duffett, president of Branch No. 139, announced this week that James M. Hall is chair-

man of the "Postmen's Walk for Cerebral Palsy" on June 7. Other committee members include Everett C. Kemp and James R. Meyers. Maurice F. Hogan, Sedalia postmaster, has cooperated with the committee in helping to set up the walk.

Both Duffett and Harold W. Barwick, president of United Cerebral Palsy of Pettis County, Inc., are requesting that all residents of Sedalia turn on their porch lights shortly before 7:30 p.m. on June 7 to signify the fact they desire to contribute to the fund. Wives of the 20 postmen who will make the walk will also cooperate in the drive by following their husbands in automobiles along their routes to facilitate the collections.

Families will be alerted further to the "Postmen's Walk" on the night of June 7 in that the city carriers will revive an almost forgotten custom—the blowing of whistles to attract attention as they walk their routes the second time during that day.

According to Duffett and Hall, the "Postmen's Walk" has met with highly satisfactory results in other communities over the country since the fund-raising campaign began in May. Both expressed a desire that the citizens of Sedalia will be as receptive to this worthwhile project.

In announcing the fact that the Sedalia letter carriers had volunteered the undertaking of the walk, Barwick told The Democrat-Capital today, "We, in the county organization of United Cerebral Palsy are proud of our postmen in Sedalia. We are not only proud of the fine service they are giving us daily in connection with the integral part of our lives—the delivery of our mail—but we are proud that these men are willing to walk a second time in one day their long and tedious routes to help others not so fortunate as ourselves to learn to walk. Our only hope is that the residents of Sedalia will show by their contributions on June 7 that their postmen's 'second walk' was not in vain."

## Nationalists Hit American Policy With China Reds

TAIPEI, Formosa (AP)—Nationalist Chinese newspapers displayed bitterness against the United States today in discussing Red China's release of four American airmen.

"Sugar-coated poison," sneered the Hsin Sheng Pao, which speaks for the Formosa provincial government. This was the general tone of the press which argued, as did the official Central Daily News, that the release would not reduce international tension but would only stir conflict among the Western Powers.

Central Daily News reiterated Nationalist China's determination not to sit at the same table with the Reds or recognize any decisions affecting its interests made without Taipei's consent.

The strongest editorial came from the Kung Lun Pao, published by Formosan interests, which renewed its attack on what it called America's indecisive policy.

It said America is guided by self-preservation and avoidance at any cost of a third world war.

"The United States," the paper asserted, "is always prepared to compromise with the enemy at the last moment."

"This policy will not achieve peace, but only the betrayal of America's allies and the atomic war she so intensely fears."

"Mutual security will be finished and America will find it impossible to defend herself long if she persists in this shortsighted policy."

## Ex-Sedalian Leaves Oral Will on Estate Disposing of \$6500

LEAVENWORTH, Kas. (AP)—The oral will of the late Eugene Warkup Weatherford of Sedalia, Mo., was admitted to probate here yesterday.

Weatherford, 56-year-old employee of the Veterans Administration Center at Wadsworth, Kan., died April 30, the day after he had given his attorney oral instructions for a will. On the back of an envelope he had written the names of 10 organizations and 28 fellow employees to whom he wished to make bequests.

Calvin Stone, an American Legion representative at the center, and Tom Boone, an attorney, were witnesses to the will which disposed of an estimated \$6,500.

## Charges Foul Play in Vote For Allotment

BALTIMORE (AP)—An attempt will be made in federal court today to prove there was dirty work in the last referendum by which the country's wheat farmers voted in favor of acreage allotments.

Wilson K. Barnes, counsel for four farmers who chased government inspectors off their property, said he has several witnesses to prove there were irregularities in Carroll County.

He said he would also have some Ohio farmers in court today to testify to the same effect.

Barnes made the charge yesterday at a hearing before Judge Roszel C. Thomsen. He is fighting the government's attempt to get an injunction against Lewis Shafer and his three sons, who farm near Westminster.

The Shafers chased three government acreage inspectors off their place April 27, saying they had no right to trespass. The inspectors were indicted in Carroll County on trespassing charges when they tried to visit another farm. A hearing on the charges is set for next Tuesday.

Barnes described the alleged irregularities this way:

County allotment committees set up to assign the acreage quotas knew which farmers were hostile and which favored quotas.

To vote on the quota question, a farmer had to be eligible to grow at least 15 acres of wheat.

The local committees would allot only 14 acres or less when they assigned wheat quotas to growers hostile to the system, "and they were consequently disenfranchised," Barnes said.

Farmers with smaller places but favorable to wheat quotas might get an acreage allotment twice as great.

Barnes cited figures to show 163,000 fewer farmers voted in the 1955 crop-year referendum than in the previous one.

## Collector Extends Time for Obtaining City Vehicle Stickers

An extension of 15 days grace has been given by City Clerk Paul Alpert to owners of automobiles, trucks, motorcycles and other motor vehicles who have failed to obtain their city license stickers.

City licenses are due as of June 1.

Many owners have obtained their licenses but there are several hundred who become delinquent as of the first of the month. The 15-day grace is given to give every one an opportunity to obtain the stickers or license plates before orders of arrests are given the police.

After June 15 all persons residing in Sedalia who do not have or who have failed to obtain the licenses will be arrested and compelled to appear in police court besides being compelled to buy the license.

## Two Die in Collision

CARTHAGE, Mo. (AP)—A car-truck collision east of Carthage early today resulted in the death of two persons.

The dead were identified as Charles Lee Hensen, 21, driver of the auto and Donald H. Baird, 22, a passenger in the car, both of Monett, Mo.

Lloyd McDaniel, 42-year-old driver of the tractor-trailer from Joplin suffered undetermined injuries. He was taken to a Joplin hospital.

## Postal Pay Hike Okayed

**Debates Half-Hour Before It Sends Bill to the House; Ike Gives His Nod**

WASHINGTON (AP)—The Senate today passed unanimously, 78-0, a bill to raise salaries of the 500,000 postal workers an average of 8 per cent after being assured it was acceptable to President Eisenhower.

The Senate debated only half an hour, and sent the bill to the House where the Post Office and Civil Service Committee plans to meet on it tomorrow.

It is a substitute for a postal pay hike measure vetoed by the President May 19. That measure carried pay raises averaging 8.6 per cent and fringe benefits which took the over-all total up to 8.8 per cent.

The bill passed today gives each postal employee a 6 per cent raise retroactive to March 1. The additional 2 per cent involves reclassification features demanded by the President. These will mean much larger increases than the average for some upper-bracket employees.

Before final passage, Sen. Butler (R-Md.) attempted to add on an amendment to give 8 per cent pay raises to the one million classified civil service employees.

But Republican Leader Knowland (Calif.) raised a point of order against this, contending it was not germane to the postal measure. Sen. Barkley (D-Ky.) the presiding officer at the time, sustained the point of order, killing the amendment.

The 8 per cent figure reportedly is higher than the administration will accept for the classified workers.

Sen. Carlson (R-Kan.), senior Republican on the committee, said he thinks the measure meets Eisenhower's objections of the previous bill which carried increases averaging 8.6 per cent, with a 7 per cent floor and with fringe benefits boosting the over-all increase to 8.8 per cent.

Eisenhower said the increase was too great, and that proposed reclassification provisions did not remove inequities in pay scales.

## State Legislators End Session But Some Still Work

JEFFERSON CITY (AP)—Missouri's legislators went home last night but a lot of them will be working during the coming months on interim committees.

The two houses, jointly and separately, set up nearly two dozen committees to investigate as many different phases of state activity.

Late in last night's windup the House adopted a resolution creating a committee to find out how the state can make full use of the new building University Medical School Hospital for the treatment of indigent patients from all over the state.

The committee would be composed of four House members who would name a citizens' advisory committee of five persons to help them. The advisory committee would include the dean of the new medical school.

Also adopted in the final hours was a resolution to investigate the various salary scales of the many county officials throughout Missouri—with the design of setting up a system that would eliminate hit and miss pay raises in the Legislature.

All would report recommendations to the 1957 Legislature.

## John Craig Elected To State Elk Post During Convention

John E. Craig, 106 West Second, was elected vice-president of the Southwest District of the Missouri State Elks Association, during the weekend in St. Louis attending the three-day state Elks convention.

Craig is a Past Exalted Ruler of Sedalia B.P.O.E. No. 125. He attended the convention with Mrs. Craig, Mr. and Mrs. Robert Moore, 1314 West Fifth, and Mr. and Mrs. Keith Stivers, 1111 West Sixth. Moore is Esteemed Leading Knight of Sedalia B.P.O.E. No. 125.

## Idleness Threat Rises In Big Strike

**Eden Hopes to Use Emergency Powers To Ease Situation**

LONDON (AP)—Widespread unemployment within 48 hours threatened Britain today as the nationwide railroad strike went into its fourth day.

Armed with "state of emergency" powers proclaimed last night, Prime Minister Eden's newly re-elected Conservative government hoped to marshal a great fleet of trucks, buses and private cars to move goods and workers for essential services.

But this promised little or no help to the nation's huge industrial plant, confronted by dwindling supplies of raw materials for lack of trains to replenish them and mounting piles of finished products that could not be hauled away. Some plants already were sending workers home.

The nation's vital export drive, already hit by a stubborn 10-day-old dock strike, faced a crippling slowdown whose effects might last for months.

The 70,000 members of the striking Associated Society of Locomotive Engineers and Firemen stood pat on their demand for a \$1.12 raise in their present base weekly pay of \$27.30.

Fearful of setting off a new spiral of wage and cost rises, the managers of the state-owned railways refused to go above 70 cents a week for crews on main line trains and 35 cents for the others.

There also was no sign of a break in the strike of dock workers demanding bargaining recognition for the smaller of Britain's two unions of stevedores. Nearly 20,000 men were out in six ports yesterday, an increase of more than 1,000 since Saturday. A total of 120 ships were idle.

An almost solid front of public and trade union hostility lined up against the striking railmen.

The emergency regulations permit use of troops as train crews to break the strike, but this appeared unlikely because few soldiers are qualified as locomotive crewmen. A government spokesman stressed the Cabinet has no plans at present for using the army except to help move the mails. Some 750 soldiers in 250 army trucks already are helping with postal deliveries.

Under the emergency powers, the government also can requisition vehicles and can waive licenses required for the carrying of freight and passengers. It can also ration gas, coal, electricity, and gasoline and set up a system of priorities for the hauling of goods and workers.

Because Parliament must approve the emergency regulations "as soon as possible," Eden moved up the convening of the new House of Commons for business to June 9, five days earlier than scheduled.

## Legislature Beats Clock, Goes Home In Much Confusion

**Rep. Roy Hamlin Refuses His Signature to Cigarette Tax Bill; Says It Is Not Correct**

JEFFERSON CITY (AP)—Missouri's 1955 Legislature beat its midnight deadline last night but kept its record of confusion intact. It adjourned with a big legal cloud hanging over a controversial bill to levy a two-cent a package tax on cigarettes.

Here's what happened in the final hectic hours of a session that appropriated record funds of around \$805 million:

1. The House refused Senate demands that it knock off a provision earmarking all the \$8 to \$10 million cigarette tax revenue for public school aid.

2. The Senate, after a sharp fight reversed its previous stand and accepted the earmarking provision. That should have ended the controversy, but:

3. At the last minute Rep. Roy Hamlin (D) of Marion County refused flatly to sign the cigarette tax bill. The speaker of the House sent it back to the Senate with a constitutional objection attached.

Hamlin argued, as he had previously that the bill never was passed by the House because the House acted on a certified copy from the Senate secretary's office.

That device was used because the original bill could not be found after Rep. Joseph M. Tanner (D) of Kansas City left precipitately for a trip to Kansas two weeks ago. Hamlin told newsmen his view was that he had nothing before him to sign.

Sen. John W. Noble (D) of Kennett, Senate appropriations chairman and a sponsor of the cigarette tax bill, said he thought Hamlin's statement was meaningless. He said the Supreme Court has held that it is a functional duty for the presiding officer of the House to sign a bill.

"One man cannot thwart the will of the general assembly," Noble said.

Lt. Gov. James T. Blair Jr., presiding officer of the Senate, said the presiding officer has no opinion in the matter.

House members generally were unaware of Hamlin's stand. He made no announcement and most went home without knowing the session had ended in an under-cover legal dispute.

There was no immediate indication.

## Kroencke's Band To Open Season Thursday Night

Kroencke's Concert Band will give its first concert of the season at Liberty Park Thursday night at 8 o'clock, with Lloyd H. Knox directing.

The music for this occasion is provided by the Park Board and the cooperation of Local No. 22 of the American Federation of Musicians, through a grant from the Music Performance Trust Funds of the Recording Industries. The Music Performance Trust Funds are an extension of a program of public service originated by the Recording and Transcription Fund of the American Federation of Musicians, James C. Petrillo, president.

The following program will be presented: "Star Spangled Banner" Key: "Lieutenant Santelmann's March." Rosenkrans: "Them Basses," march, Huffine: "Princess of India," overture. King: "Melody of Love," waltz. Glazer and Engelmann: "The New Colonial March." Hall: "Montgomery Post March." Rosenkrans: Highlights from "Oklahoma!" Rogers and Hammerstein: "National Emblem March." Bagley: "The Thunderer" march. Sousa: and "May the Good Lord Bless and Keep Thee." Wilson.

There will be a mid-concert intermission.

## Federal Judge Orders State Department To Issue Passport

WASHINGTON (AP)—A federal judge accused the State Department today of trying to overrule him and he ordered a passport issued "forthwith" to Dr. Otto Nathan, a close friend of the late Albert Einstein.

Dist. Judge Henry A. Schweinhaut signed an order, which he handed down orally last week, directing the State Department to issue the passport.

Nathan, executor of Einstein's estate, has asked for a passport to travel in Europe in connection with affairs of the estate and for other purposes.

Nathan has filed affidavits with the State Department that he never was a member of the Communist party. But he declined to give a blanket denial of ever belonging to Communist fronts.

tion what the next step would be. Normally it is up to the secretary of state to handle the details of getting propositions on the ballot. That is usually just a mechanical job.

## Questionable If Tax Bill Ready to Vote

**Now Up to Dalton To Get Bill Ready For October Poll**

JEFFERSON CITY (AP)—Will the disputed cigarette tax bill be on the ballot for voters to decide next Oct. 4?

Secy. of State Walter H. Toberman said today he would let Atty. Gen. John M. Dalton decide that question.

Toberman's chief clerk, Will Davis, accepted the bill today from Joseph A. Bauer, secretary of the Senate. Davis said it would be handled just like any other referendum proposal.

Under that procedure, Dalton will be asked to prepare a title to describe the proposal on the ballot. If and when the title is ready, the secretary of state's office will certify it to county clerks.

The clarification must be made to the local officials at least 70 days before the Oct. 4 special election date.

If anyone thinks the cigarette tax bill was not legally passed—as Speaker Roy Hamlin (D) of Marion County claims—it will be up to him to ask a court to stop the secretary of state from putting it on the ballot.

Anticipating such a suit—or some other legal action on the bill he refused to sign last night—Hamlin said today he would ask Toberman to take custody of the original cigarette tax and sales tax bills that caused such a tangle in the Legislature.

The missing copies turned up in the House clerk's office this morning when Rep. Joseph M. Tanner returned them. He claimed earlier the bills had been stolen when his office was burglarized after he disappeared on a trip to Kansas May 11.

House records show Tanners' committee received 90 bills during the session. Today he turned back 54 bills his committee received but on which it took no action.

## President Asks Senate To Ratify Austrian Independence Quickly

WASHINGTON (AP)—President Eisenhower today urged the Senate to ratify promptly the Austrian independence treaty, calling it "another important triumph" for freedom.

The President sent the document to the Senate with a special message. He said signing of the treaty at Vienna on May 15 "emphasized clearly the significance of Western unity to the future of freedom in every part of the world."

Eisenhower said the treaty represents "the culmination of an effort by the Western powers extending over a period of more than eight years to bring about Soviet agreement to grant Austria its freedom."

## Even Takes Pins

TWIN FALLS, Idaho (AP)—It was bad enough that a thief sneaked into his back yard and stole five swimming suits hanging on the clothes line. Dale Gahn told police yesterday. But the thief also stole the clothes pins.

## INSIDE STORIES

The Supreme Court's decision to leave integration to local authorities has given rise to some sharply conflicting ideas about what it permits. Some of these views are outlined on Page 4.

The June college graduates are more popular than ever. Now the federal government is seeking their favor in competition with big business. See Page 2.

A woman born in Peiping, China, and who is now an American has a life story that reads like a fairy tale. You'll enjoy reading about it on Page 14.

**BELL FALLS IN SCHOOL FIRE**—The bell cupola atop Avondale High School in suburban Atlanta, Ga., is engulfed in flames at left and topples from the roof at right as fire destroyed the school's main building. More than 600 students still have to take final examinations in improvised classrooms in churches and other schools. Three firemen were slightly injured fighting the blaze. (NEA Telephoto)

US Vies With Industry For June Grads

By KENNETH O. GILMORE  
NEA Staff Correspondent

WASHINGTON (NEA)—In the face of stiff competition from big business, the U.S. Government is now waging a high-powered campaign to employ talented graduates from the college class of 1955.

Agencies and departments here are aiming to recruit a total of approximately 9,000 young men and women who will shortly be receiving diplomas, according to John W. Macey, Jr., executive director of the U.S. Civil Service Commission. The goal set for next year is around 10,000.

This is the most ambitious hiring program the government has undertaken since World War II. It is a measure of Uncle Sam's determination to give private interests a run for their money in the employment battle being carried on at universities and colleges across the country.

Civil Service officials here admit it's a wide-open no-holds-barred contest. And as graduation day nears, each side is throwing up powerful ammunition.

The government is pulling articulate technical experts out of its laboratories and sending them to the campus as recruiters. Business and industry are countering with the highest income offers in history. These salaries are ranging from \$285 to over \$500 a month, according to reports coming into the Labor Department.

The biggest play is being made for the bright boys with technical training. Both sides—public and private—are going after them like two socially conscious fraternities at the peak of the rushing season.

The federal government needs chemists, physicists, metallurgists, mathematicians, electronic scientists, and engineers. So does in-

JUNIOR MANAGEMENT EXAM occupies these college seniors. The goal, government jobs leading to administrative posts.

dustry, and it is in a position to offer far more money.

"I'm certainly interested in working for the government, but I've been offered \$1,000 more than you can pay me and an immediate position," is a statement government recruiters are used to hearing from exceptional students.

As one recruiter explains, "A smart young guy doesn't pay much attention to an additional couple hundred dollars, but anything from \$500 to \$1,000 makes a big difference."

The drive for college graduates is by no means a walk-away for industry. Recently, government recruiting methods have been sharpened to compete with the convincing personnel men big companies are sending out.

New programs are already in the works to attract the class of 1956. More and more juniors are being given government jobs during the summer, for it is found that a high percentage of these students come back permanently when they graduate.

Starting next fall the Civil Service Commission will offer a single examination to seniors in all branches of study. This replaces the present system under which there are a confusing variety of tests for specific job titles. Applicants will also be able to apply at any time, and the examination will be given four times during the year instead of once or twice.

For graduates who aspire to be diplomats, the State Department has announced that the Foreign Service has openings for 500 officers this June. To qualify means passing a stiff five to six-hour examination. Officials say 1,400 students have already applied. It's so tough, however, they'll be satisfied if 250 make the grade.

Of the 9,000 graduates the government hopes to hire this year, more than 6,000 are wanted for technical positions. To attract and persuade these men, working scientists in the government are going out in teams and talking to prospective college material.

"We've found it doesn't do any

CIVIL SERVICE boss John Macy, Jr., seeks 9,000 grads.

good to send out a flashy recruiter with no scientific background," says Macy. "For he can't possibly talk turkey to technically trained persons on both the administrative and undergraduate level."

The government is in a stronger position today to enlist the class of 1955 for several other reasons.

Last year Congress passed the Fringe Benefits Act giving the Commission the authority to hire persons at higher salaries in critical shortage occupations. This law became effective last March. It means graduates with a bachelor of science degree can start at \$4,350 instead of the standard \$3,410. Graduates with a masters degree can start at \$4,580.

More and more outstanding young people are being attracted to careers in the civil service through "J" examinations for management and junior agricultural as-

Milk Allergy? Other Foods Serve Purpose

By Dorothy V. Whipple, M. D.  
AP Newsfeatures

Milk is one of the very best foods for almost all babies and children. However, every once in a while we come across a youngster who doesn't do well at all on milk.

Sometimes the bad effects of milk show up within the first weeks of life, sometimes it's much later on. The symptoms a youngster shows due to intolerance of milk can be quite varied.

The most usual ones are digestive disturbances, vomiting, diarrhea, pain in the abdomen and colic. The symptoms may be severe enough so that the baby doesn't gain weight properly, or they can be relatively mild. The baby gains but he's just unhappy most of the time, cries a lot, spits up and vomits some. Not all unhappy babies are suffering from a milk allergy. Other things can cause these symptoms too.

Sometimes the evidence of a milk allergy shows up on the skin. The baby develops a rash, especially the eczema type of rash. It occurs on the cheeks, behind the ears, at the elbows, behind the knees — or it may occur anywhere on the body. The skin is red and scaly and itchy. Again milk is not the only thing that can cause eczema.

Coughs, runny nose and sneezing, are occasionally due to a milk allergy. This is an unusual manifestation, but it does occur.

If your doctor suspects milk as a cause of your baby's trouble he probably will try him on one of the milk-free baby foods now readily available. There are several baby foods made from soy beans.

These come in cans and need only be diluted with water to make a formula that can be given the baby in his bottle. If the baby's troubles are really due to a milk allergy, the improvement when milk is eliminated is truly miracu-

lous. A whiny, colicky baby goes peacefully to sleep for the first time in weeks.

Sometimes it is only cow's milk the baby cannot take, and he will do well on goat's milk. However, the soy bean infant foods are often easier to obtain than goat's milk.

Most infants who develop a milk allergy early in life are likely to outgrow their difficulty. By the time such a child is a year old or at most 2 he can take cow's milk without trouble.

The older child who develops a milk allergy is also greatly improved by a milk-free diet. However he is not quite so sure to outgrow the condition.

Rev. Glyn Rives Goes To Chillowee Church

The Rev. Glyn Rives, the past two years pastor of the Camp Branch Baptist Church southwest of Sedalia has been called to the pastorate of the Chillowee Baptist Church.

Rev. and Mrs. Rives and family left for their new home in Chillowee last Monday.

Since the railroads stepped up substitution of diesel for coal-fired locomotives, some plants making cinder building blocks have had trouble getting enough raw material.

## Harrison-Hughes Vows Announced

Mr. and Mrs. D. J. Harrison, LaMonte, announce the marriage of their daughter, Barbara Jean of Sedalia, to Mr. Gillum Z. Hughes, son of Mrs. Marian Hughes, LaMonte. The marriage took place May 28.

The bride and groom graduated from LaMonte High School with the class of 1950. The groom served three years in the armed forces and is now employed at the LaMonte elevator.

They are residing at 216 West Sixth.

## Mrs. Vaughan Leads Program At DAR Meet

Osage Chapter, Daughters of the American Revolution, held its May meeting at the Sedalia Public Library Saturday, May 28.

The regent, Mrs. Thomas W. Croxton, presided. The pledge of allegiance was repeated, led by Mrs. E. H. Lashley, flag custodian, followed by the American Creed led by Miss Nina Harris.

The chaplain, Mrs. W. P. Tucker, told of the writing of the poem, "In Flanders Field." John McCrae was a distinguished Canadian physician. His hospital was near the front lines and this poem was written during a second battle at Ypres, while he was waiting for wounded to be brought in. The American answer was "Rest Ye in Peace," written by R. W. Lillard.

Mrs. Claud Leiter, guest of Mrs. Ira Leiter was introduced. Miss Marian Keens read letters of appreciation from Kate Duncan Smith School, Tamassee School, and Lake of the Ozarks School.

Mrs. L. H. Hodges, program chairman, introduced Mrs. Harley Vaughan who was in charge of the program, "The DAR Magazine in Review." This was a round table discussion. Miss Nell Longan reviewed an article about the "Revolutionary War Drum." The drum was purchased for \$1,000 and presented to the museum at Greensborough, N.C. Mrs. Sidney Condit told of an article, "Cause of Liberty," about Roger Williams and the settlement of Providence, R.I., the first colony to gain freedom from England.

Mrs. Herbert Mason reviewed an article on "Crime." Mrs. Mason said 50.6 per cent of arrests made in 1953 were youths under 21 years of age. The fact that delinquency is as old as man is no consolation to parents today. The problem is to determine how best to prevent our own children from becoming delinquents. In the homes of Americans are born the children of America, and from them go out American men and women. They go out with the stamp of these homes upon them. Children should be taught loyalty based on facts. Miss Lillian Thompson reviewed an article, "Sing the National Anthem." Miss Thompson suggested the "Star Spangled Banner" be sung more often. The British open every public assembly meeting with "God Save the Queen." This article suggested all programs and concerts begin with the "Star Spangled Banner" or "The Stars and Stripes Forever."

Mrs. P. L. Strole reviewed the "Memorial Day Story." Americans generally think Memorial Day is an American custom of our own originating, but this is not true. The custom of bestowing flowers on the dead is practically worldwide and as old as history. May 30 was first proclaimed "Memorial Day" by General John Logan in 1868. Mrs. Vaughan read the President General's message, "Protect America."

Mrs. Hodges introduced Mrs. Ira Leiter, who was delegate to Continental Congress in Washington, D.C. Mrs. Leiter said three, III members were registered and the major business of the Congress was the revision of the by-laws. She gave a summary of 31 resolutions.

Mrs. Hodges announced the next meeting will be a picnic Saturday, June 11, at the country home of Mrs. E. H. Lashley.

## BPW Club Will Install Officers Thurs. Night

Business and Professional Women's Club will have installation of officers at 6:30 p.m. Thursday at Bothwell Hotel. Mrs. Freda Nelson will be the installing officer and the program will consist of an emblem pageant presented by Mrs. Betty Baldwin, narrator, Miss Georgia Giokaris, Miss Erma Fajen, Mrs. Emory Bowman, Mrs. E. E. Colbert and Mrs. Marcia McClure; vocal solo, Miss Eugenia Arnold, and violin selections by Mrs. Henry Cooper and Mrs. Donald Donath. Miss Doris Stott will be the accompanist.

Miss Mary Shanks is chairman of the program committee. Committee members are Miss Alma Adams, Miss Eugenia Arnold, Mrs. Anna Bagby, Mrs. Guy Bailey, Mrs. Emory Bowman, Mrs. E. E. Calvert, Mrs. Florence Elliott, Miss Erma Fajen, Miss Georgia Giokaris, Mrs. Charles Huppleston, Mrs. Glenn King, Mrs. Erna Ann McClure, Mrs. L. P. McClure, Mrs. Cecil Peoples, Miss Doris Stott, Mrs. Ralph Utz, Mrs. Frank Wagner and Mrs. Ike Warren.

H. Benson, Chilhowee; Mr. and Mrs. Clarence Harbit and sons, Lincoln; Mr. and Mrs. Waldo Harbit and daughter, Green Ridge; Miss Joan Ricketts, Mr. and Mrs. F. M. Harbit and family, Mr. Frank Fockler, Mrs. Stella Christian, Mrs. Edna Anderson, Mr. and Mrs. Frank Harbit and family, Mr. and Mrs. Forrest Scheele and Mrs. Susie Harbit, Windsor.

## Sample Material Is Displayed at Club

Mrs. Loreen Arnett was hostess to Lookout Extension Club Saturday, May 21. Thirteen members were in attendance.

Mrs. C. R. Brown, home management leader, displayed samples of new materials to be used for drapes, curtains and upholstery. Mrs. Arnett read and discussed a letter from Farm Bureau woman's activities committee.

The next meeting will be June 18 at the home of Mrs. C. R. Brown.

gave a demonstration on first aid and Patricia Chaney demonstrated how to care for the hands.

## Engagements

Mr. and Mrs. Percy Franklin Vesser, Sr., Nelson, announce the engagement of their daughter, Sarah Elizabeth, to Mr. Robert William Nuckles, son of Dr. and Mrs. Richard Taylor Nuckles, Marshall.

A late summer wedding is being planned.

## About Town

Mr. and Mrs. Harold Rodgers and son, Harry, Birmingham, Ala., spent Sunday and Memorial Day with her sister, Mrs. James L. Woods, and family, 612 South Park, and then left for Hannibal to visit his parents. They will return for the weekend before leaving for Birmingham.

Mr. and Mrs. Howard Snell, Kansas City, have returned home following a weekend visit with her sister, Mrs. Andrew Bordoli, and Mr. Bordoli, 417 West Fourth.

Mr. and Mrs. Leo Stern, Kansas City, and Mrs. Stern's mother, Mrs. E. P. Appleby of Grantsville, S.C., visited Mrs. C. E. Cole, 520 West Fourth, Sunday.

Lillith Leonard, Tipton, accompanied by Mr. and Mrs. T. D. Williams and Elsie, Kansas City, have returned from a 2,525-mile trip through the eastern states. They viewed the Atlantic Ocean from the boardwalk in Atlantic City, N. J. In Washington, D.C., they visited the Capitol, Smithsonian Institute, Congressional Library, Lincoln Memorial, White House, Ford Theatre, where Lincoln was assassinated, the Supreme Court Building, the Senate Chamber, National Archives and Arlington Cemetery. Tomb of the Unknown Soldier and Mt. Vernon. Enroute home they visited Lincoln's home and tomb and the Mark Twain Museum, Springfield, Ill. While in Washington they were guests in the Dean Fairfield home. Mrs. Fairfield is a niece of Mr. Williams and is the former Eula Williams of Clarksburg.

Mr. and Mrs. W. H. Weller, Green Ridge, spent Sunday in Trenton and attended the wedding of Miss Donna Coon and Mr. Robert E. Foster which took place at the Christian Church there. Miss Coon is a niece of Lowell Coon, son-in-law of the Wellers.

Mr. and Mrs. Ross Ewing, Fair Acres, had as weekend guests his brother, Mr. and Mrs. John D. Ewing, Washington, D.C. The Ewings were enroute to Kansas City to visit their son, John, Jr., who is an attorney there.

## Current Events Are Discussed at Meeting Of Tebo Homemakers

The Tebo Homemakers Extension Club of Windsor held the May meeting at the home of Mrs. Allen Tittsworth with 13 members and one visitor, Miss Frances Paul, present.

The meeting was called to order by the president, Mrs. Rolla Askins, and opened by singing "Love's Old Sweet Song." The devotional was given by Mrs. V. H. Wharton, followed by the Lord's Prayer in unison. Roll call was answered by a poem about mother. A card of thanks from Mr. and Mrs. Jim Martin and Mrs. Theron Clinton for gifts and cards from the club was read. It was voted not to take part in the Centennial program or Golden Valley Festival. A letter was read by Mrs. Zoe Miller from the United Christian Service Welfare by Mrs. Alvin Ortner asking for a contribution from the club, which will be taken care of at the next meeting.

The lesson, "Policy and Public Affairs" was given by Mrs. Harry Pedford, assisted by Mrs. M. L. George, Mrs. Lee Higgs, Mrs. C. C. Mitchell, Mrs. V. H. Wharton, Mrs. Homer Stoutimore, Mrs. George Long, Mrs. Rolla Askins, Miss Frances Paul, Mrs. Shy Miller and Mrs. Will Chipman, who each gave a current event on public affairs taken from late papers.

Miss Frances Paul gave a reading entitled, "Ever Have Club Day Fever?"

The June meeting will be at the home of Mrs. George Long.

During the social time the hostess served refreshments.

## Eight New Members Are Initiated Into Women of Moose

The Women of the Moose met Tuesday night at the Moose Home with senior regent Virginia Luther presiding.

On behalf of the auxiliary Mrs. Luther presented "women of the moose" pins to eight new members, Mrs. Jack Cross, Mrs. Woodrow McFarland, Mrs. Edna McFarland, Mrs. Joe McKinney, Mrs. Don Curry, Mrs. Rachel Curry, Mrs. Urban Cramer and Mrs. R. Michales.

Mrs. Luther expressed her appreciation to those who contributed to the success of the spring conference and especially to Gertrude Head and her committee, who served the lunch to the visiting delegates.

Following the business session a social hour was enjoyed by 32 members. Table decorations featured a "Maypole" centerpiece. Festive May baskets filled with roses and candy mints and individual nosegays at each place completed the setting. Mrs. Bessie Wittman and her committee served refreshments.

## Sunday Dinner Honors Guests From Iowa

A dinner honoring Mr. and Mrs. Frank Richwine, Council Bluffs, Ia., was given at the home of Mr. and Mrs. Oliver Richwine, Springfield, Sunday, May 29.

Others attending were Mr. and Mrs. Louis Eding, Cole Camp, Mr. and Mrs. Herman Gardner, Kansas City, Mr. and Mrs. Dean Peters, Ronnie and Ann, Mr. and Mrs. Arnold Williams, Sedalia, Mr. and Mrs. Roy Richwine, Carol, Bill and Larry, Ionia, Mr. and Mrs. Bill Gaylord and grandchildren and Mrs. Della Jenkins, Warsaw, and Judy, Jim and Nancy Richwine of the home.

## Police Seek Reason Man Killed Three

DAYTON, Ohio (AP)—"The Lord told me that banks and their presidents were the adversaries of God."

That statement, babbled by dying Richard Meyers, was one of the few clues police had today as they sought to determine why the 47-year-old man shot and killed three persons and critically wounded three others in two centrally located Dayton banks.

Meyers, whom police called a "religious fanatic," walked into the Third National Bank about 10 a.m. yesterday and began spraying bullets around with a 9 m.m. foreign-made pistol.

He then sprinted next door to the Winters Bank, where he wounded a guard and a bank executive before three policemen cut him down in a hail of bullets.

Eight slugs were found in his body. He died almost three hours later as he babbled incoherent, religious-sounding phrases.

The toll of dead and wounded, left as an aftermath of Meyers' midmorning shooting spree, looked like this.

Dead were:

George Sawaya, 60, operator of a local grocery chain; Mrs. Freda Cramer, 31, a bank secretary, and Joseph Gavin, 45, publicity director for WHIO radio and television stations here and a former University of Dayton football coach.

Willard M. Sherman, 54, a vice president at Third National, shot in the chest; R. H. Kastner, 59, assistant vice president at the Winters Bank, shot in the chest and Mrs. Helen Burks, 46, a bank customer, shot in the stomach.

Two others, wounded but not seriously, were William L. Clark, 76, shot in the arm, and John Thein, 72, a Winters' bank guard, grazed on the face by a bullet.

Detectives questioning Meyers at the hospital quoted him as saying, "I received a message from God on Dec. 23."

As a sample of Meyers' incoherent babbling, they quoted him as saying:

"I require that which is in you, the very best application of the things I have in you, to annihilate the forces of iniquity. I ask you to do battle for me."

## Postpone Inoculations Until November For Children in Newark

NEWARK, N.J. (AP)—A postponement until Nov. 1 for free Salk antipolio inoculations to first and second-grade school children has been ordered in Newark.

The action was taken yesterday at a conference between Mayor Leo Carlin and health officials. Similar decisions delaying the vaccine shots until fall have come from Hackensack, Bogota, Ridgefield Park and Somerville.

The health experts here recommended that the inoculations be held off until the height of the summer polio season passed. They had been scheduled to take place last week.

At the same time, Carlin ordered that the 15,888 c.c. of the vaccine provided by the National Foundation for Infantile Paralysis be shipped back to the State Health Department for rechecking before use.

About 15,500 children in Newark are affected by the order, and some 5,000 in the other four communities.

The vaccine came from the Wyeth Laboratories in Philadelphia, the same as that used for the rest of New Jersey. It is awaiting clearance by the federal government.

Television can't harm the eyes, says the National Society for the Prevention of Blindness.

## DAILY RECORD

### Police Reports

A three-year-old girl who was found wandering around at Sixth and Osage was picked up by one of the police patrol cars and a few minutes later turned over to her mother, Mrs. Mary Doyle, Matherville, Mo., who was searching for her.

A new inner tube was found in back of the Moose Club at 11:15 p.m. Tuesday and taken to police headquarters.

G. Flores, 1703 West Fourth, took a gold Versalles High School ring to police headquarters after he found it in front of the court house. The ring was of the class of 1955 and had the initials C.B. on it.

### Police Court

Norman Eddie Howard, Dewey, Okla., charged with speeding 50 miles per hour from Quincy to Carr on Broadway failed to appear in court and his \$15 cash bond was forfeited.

Ronald Clingenpeel, Sedalia Air Force Base, charged with running a stop sign, Main and Missouri, forfeited a \$5 cash bond.

Roy Funnell, 49, of 30th and Ingram, charged with driving a car while intoxicated, appeared in police court and pleaded guilty. He was fined \$75 by Judge R. L. Weinrich. He was arrested at 16th and the Missouri-Pacific spur track.

Andy Kramer, 42, 1607 East Seventh, arrested by the police at Broadway and Center on a charge of driving a car while intoxicated, failed to appear in police court and his cash bond of \$100 was ordered forfeited by Judge R. L. Weinrich.

Carl Kumph, Climax Springs, Mo., charged with double parking in the 100 block on South Osage, forfeited a \$2 cash bond.

Danny Dean Esser, 18, 305 East 26th, charged with careless and reckless driving in connection with an accident at 11th and Ohio on May 15, at which time Mrs. Catherine Short, 1001 South Missouri, was struck, was dismissed in police court Wednesday morning.

Eleven overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each. Sixteen overtime parkers who appeared at police headquarters within a half hour after receiving a ticket paid the 25 cent fee.

### Circuit Court

Mrs. Martha M. Pavlicek has filed suit for divorce against Carl J. Pavlicek, charging general in dignities. Her attorneys are Lamm, Barnett and Wolfe. They have six children. Mrs. Pavlicek asks custody of the three minor children and maintenance.

Josephine M. Frerking was granted a divorce from Richard H. Frerking by Judge Dimmitt Hoffman and restoration of her name to Biggerstaff. Her attorneys were Palmer and Palmer.

### Magistrate Court

James W. Coffey has been bound over to Circuit Court on a charge of intoxicated driving. Coffey pleaded innocent at a preliminary hearing. Judge Armstrong set bond at \$1,000.

Robert H. Maxson was fined \$100

HOW ABOUT YOUR DAD PORTRAIT FOR HIS DAY IS JUNE 19 LEHMER STUDIO Phone 650 518 S. Ohio

DAVID IN THE FOX DEN—Four-year-old David Mathis of Monroe, Mich., kneels among six young foxes captured by his father and uncle. Robert Mathis saw the foxes and their mother on a neighboring farm, went for help and lured the young ones into a milk can. Mother fox escaped. The young cubs will be disposed of or given to a zoo. David's father says.

## Both Sides Pledge Fight—

## Sharply Conflicting Views Arise Over School Action

WASHINGTON (AP)—Sharply conflicting views arose today over what local public school officials are likely to do about working out plans for ending racial segregation.

Some deep South political leaders declared flatly they will do nothing. They predicted yesterday's Supreme Court decision giving local officials primary responsibility means an indefinite extension of segregation, at least for many years.

But officials of the National Assn. for the Advancement of Colored People foresaw action "without delay" to wipe out almost all racially separated schools by the start of the school year in September 1956.

Both sides pledged to fight on in the courts. Sen. George (D-Ga.) summed up much middle-ground comment. He said the decision, stressing local action to meet widely varying problems, was "very cautious" and seemed to mean this:

"Go slow but go."

The court's historic, long-awaited decision dealt with how best to end school segregation under its edict of a year ago that separate schools for white and Negro children are unconstitutional.

Unanimously, the nine justices declined to fix a definite deadline or order any hard and fast national procedures for erasing the traditional color line in 21 states practicing

and costs and given a 10-day jail sentence for careless and reckless driving after evidence in court showed he had been intoxicated. Maxson was held overnight in the county jail. Magistrate Frank T. Armstrong suspended the jail sentence and gave Maxson a 30-day stay on the fine.

### Realistic Setting

IDAHO FALLS, Idaho (AP)—Heavy snow fell on viewers at a drive-in movie here yesterday. Showing on the screen was the movie "White Christmas."

## Drug Makers Like Voluntary Vaccine Program

WASHINGTON (AP)—The American Drug Mfrs. Assn. informed President Eisenhower today it is confident a voluntary allocation program will provide "the most rapid and equitable distribution of the Salk polio vaccine."

Karl Bambach, executive vice president of the association, made public a letter to the President which also praised Secretary of Welfare Hobby and her associates for the way they handled the vaccine situation.

Mrs. Hobby has recommended a voluntary allocation program and President Eisenhower has approved it.

Over the weekend the American Medical Assn. pledged the cooperation of its members in limiting the vaccine to age priority groups.

Yesterday the President reiterated his confidence in the voluntary plan and said he did not believe regulatory legislation was necessary.

The Senate Labor Committee has been considering legislation to give the President standby control power, but on four occasions it could not muster a quorum because no Republican members appeared. Chairman Hill (D-Ala.) is author of the bill.

## Tunisian Leader Has Big Welcome at Home After French Release

TUNIS, Tunisia (AP)—Nationalist hero Habib Bourguiba returned home today from three years of French-imposed exile. A wildly cheering throng welcomed him.

The tall, 52-year-old president of the moderate Neo-Destour (New Independence) party smiled broadly as he walked down the gang-plank from the ship Ville d'Alger, which brought him from Marseille.

A flotilla of fishing boats from all Tunisia's ports escorted the ship into the harbor. Thousands massed on the dock chanted over and over "Bourguiba! Bourguiba! Bourguiba!"

The nationalist idol until recently has been under lenient enforced residence in France. The French government finally recognized his leadership formally by consulting him during the French-Tunisian negotiations which ended early last Sunday with initialing of an agreement giving the North African protectorate a large measure of home rule.

Judy and Joyce Frederick, 6-year-old twins, were overcome with smoke and perished. Dennis Frederick, 8, and his brother, James, 11, died in their upstairs bedroom. They would not jump from the second-story window of the house.

Four other Frederick children escaped. Sue Ellen aroused her father, a mill company maintenance man, who found a window drape ablaze in the twins' room. He tore it off and ran to the garage for a fire extinguisher.

While he was outside the flames roared up and he was unable to re-enter.

The blaze was believed to have started in the twins' bedroom, but the cause was not discovered.

## Freed Pilots Near Reunion With Families

HONOLULU (AP)—Four U.S. fighter pilots newly freed from Chinese Red captivity were winging today toward a rendezvous in Hawaii with exuberant relatives. They were due to land this afternoon.

The airmen, released yesterday near Hong Kong after more than two years in Communist China, were shot down in the Korean War. They are Capt. Harold Fischer Jr., 28, Swea City, Iowa; Lt. Lyle Cameron, Lincoln, Neb.; Lt. Col. Edwin Heller, 36, Wynnewood, Pa.; and Lt. Roland W. Parks, 24, Omaha.

The Air Force was flying nine relatives to Hawaii but they were not scheduled to arrive until tomorrow.

The fliers hailed their freedom yesterday at Hong Kong with a shout, "It's wonderful," and climbed aboard Gen. Douglas MacArthur's former personal plane Bataan.

They switched to Western-style meals—after more than two years of Chinese food—with zest. The Bataan is equipped with cooking facilities. Thick steaks were aboard.

The Bataan set down on Guam before dawn. The airmen rested two hours at Andersen Air Force Base, then pitched into a meal of fresh fruits, scrambled eggs, toast with marmalade, milk and coffee.

More fresh food was put aboard at Guam and the plane left for Wake.

The fliers ate dinner last night on Wake in a stop of about two

## Reds' Visit Won't Settle Special Items

BLUED, Yugoslavia (P)—The current visit of top Russian leaders to Yugoslavia will not settle all outstanding issues between the two Communist countries, an informed source says. Most specific questions will be left to further negotiations.

The source said last night that the chief result of the talks between Yugoslav President Tito and the Soviet delegation headed by Russian Communist party chief Nikita S. Khrushchev would be a declaration of principles on world affairs.

A Russian source said the conference had "ended successfully." But a Yugoslav said that Tito is still "trying to get a declaration that will make the Russians prove their professions of friendship."

Disclosure of the projected declaration came as the Russian visitors toured scenic spots and industrial centers in Slovenia and Croatia. They are due back in Belgrade tomorrow to wind up the talks with Tito.

The document now being drafted by teams of experts in Belgrade reportedly includes these points:

1. Noninterference in domestic affairs.
2. The right of the German people to self-determination along democratic lines.
3. Problems between nations should be settled peacefully and in accordance with principles of the United Nations.

4. Yugoslav-Soviet questions should be settled in further talks.

Yugoslav officials have declined to spell out specific issues still remaining between the two countries, which split in 1948 when Tito quit the Russian-dominated Cominform.

The government-controlled press has suggested they include damage claims which may total a half billion dollars, resulting from the Soviet bloc's cancellation of contracts with Yugoslavia after the break.

## UN Renews Try For Release Of American Fliers

UNITED NATIONS, N.Y. (P)—Secretary General Dag Hammarskjöld renewed his efforts through diplomatic channels today seeking the release of 11 American aviators still held in Red Chinese prisons.

Quickly following up the release yesterday of four U.S. airmen, Hammarskjöld sent a new message to Communist Chinese Premier Chou En-lai on behalf of the 11 still imprisoned.

He also conferred with various delegates here and explored possible diplomatic means to gain their release.

The atmosphere of the U.N. was optimistic. Diplomats expressed belief that Chou would release the other fliers soon.

A diplomatic source here said that Chou had planned to announce at the start of the Asian-African conference, in Indonesia in April, that Red China was releasing the four prisoners as a gesture of amity. He reportedly changed his plans when a chartered Indian plane carrying minor Red Chinese officials was blown up en route to the conference, killing the Red Chinese, Peiping charged the United States and Nationalist China with sabotaging the plane. Both Washington and Formosa denied the charges.

## Learns Only Part Of Lesson In Judo Art

EL CENTRO, Calif. (P)—Mrs. Ruby Solomon, feeling pretty confident after a session of judo instruction with the sheriff's women's reserve, went home yesterday and told her husband Ben:

"Swing at me."

Mrs. Solomon raised her left hand to ward off the blow, just as the judo teacher had indicated. Ben caught her with a haymaker and she realized she had forgotten one thing—Ben is a southpaw.

## Plans Test Of Emptying The Pentagon

WASHINGTON (P)—The Pentagon is going to test the time it would take to empty the giant building of its 29,000 workers if enemy H-bombers headed this way.

The experiment, untried before, will be a part of the June 15 Operation Alert which also includes elaborate plans for 15,000 selected employees from 30 federal agencies to deploy to secret sites scattered around neighboring states.

Unlike these 15,000 employees headed by President Eisenhower and his Cabinet, the Pentagon workers won't take to the hills. They'll go no farther, in this test, than the two giant parking lots which flank the building.

There, on an average day, are parked between 8,500 and 9,000 cars. The idea is that in case of threatened attack, the drivers would fill their autos with passengers, including those who normally travel by bus, and start getting out of the capital area.

That part of the idea is going to remain untested. The military district of Washington, which supervises the Pentagon's part in evacuation plans, says it has a "traffic control plan" to move the 9,000 cars out of the 70 acres of parking lot into an intricate road net leading to highways—without traffic jams.

In Operation Alert the proposal is for Eisenhower, Secretary of Defense Wilson, the Joint Chiefs of Staff and a number of top civilian officials to leave Washington for a two or three-day stay at secret alternate posts well away from the capital.

Eisenhower will leave the White House around noon June 15, proceed to his relocation center and remain there through the next two days. A dozen newsmen will accompany him.

The civil defense test will also include mock hydrogen bomb attacks on 50 major U.S. cities.

## Widow Remarries

## Plan to Ship Coal in Pipes To Cleveland

PITTSBURGH (P)—Now they're going to ship coal by pipeline. Impossible? It's all been worked out, and plans are virtually complete to build a 108-mile pipeline from a mine in Ohio to a utility in Cleveland.

The coal will be cleaned and pressed into small pieces. Then, mixed with water, it will be poured into the pipeline. Pumping stations along the way will keep it moving. At the receiving end the mixture will be "dewatered" and the coal stored for use.

Pittsburgh Consolidation Coal Co. and the Cleveland Electric Illuminating Co. announced yesterday they have entered into a contract for the delivery of about 18 million tons of coal over a 15-year period.

The pipeline will extend from the coal company's Georgetown properties to the Eastlake plant of the utility.

George H. Love, president of Pittsburgh Consolidation, said construction will begin shortly. He estimated the cost between 8 and 10 million dollars.

The Pennsylvania Rail Road, the New York Central and the New York, Chicago and St. Louis Railroad are cooperating in the project.

## Former Dancer Evicted by Law After Struggle

CHICAGO (P)—A barefooted former ballet dancer, fighting and kicking, finally was evicted from her home yesterday.

The Chicago Sanitary District had been trying to get Miss Leona Davis to move from her home for nearly a year. She had tangled with district workers and police on previous occasions and twice last summer, they said, she fired shots at some workers.

She didn't surrender without a fight yesterday. She kicked and swung at humane officers who removed her three Afghan hounds from the one-story frame house. State policemen restrained the shapely, red-haired waitress. She kicked at them too.

District officials, accompanied by about a dozen policemen, went to the home along the Des Plaines River in suburban Summit to serve the eviction notice. Miss Davis, 32, was termed a squatter by district officials and was evicted on orders of a justice of the peace.

The district wanted the house removed to make way for a railway to haul sludge from its sewage treatment works in nearby Stickney.

After Miss Davis' furnishings

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., June 1, 1953 5

had been removed, workmen poured fuel oil in the house and burned it.

Miss Davis, who had lived in the cottage for six years as a tenant of the Sanitary District, said she would move to a motor court near a restaurant where she is employed as a waitress.

Her dogs were taken to the animal welfare league but officials said she could get them.

## Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure, full.

146 British and French doctors are so satisfied with this new help for patients suffering from arthritis and rheumatism that they have prepared written reports of success based on hundreds of cases. Further, one of the leading arthritis and rheumatism clinicians in the United States has now confirmed the findings of these doctors.

Now for the first time this remarkable cream can be obtained without a prescription at drug stores throughout America—under the name **InfraRUB**. The price of InfraRUB is only 98¢ for a large tube. InfraRUB is backed by the amazing guarantee that sufferers from the pains of arthritis, rheumatism, lumbago, neuritis, neuralgia or muscle injuries or sprains will get hours and hours of comforting relief or their money will be refunded in full.

## Woman Hurt In Accident On Hiway 50

Mrs. Mary Harris, 47, Kansas City, Kan., suffered chest injuries and shock in a one-car accident about six miles east of Sedalia on Highway 50 about 3:30 o'clock Tuesday afternoon.

She was riding in a car driven by her brother Frank Grizzell, 51, enroute to their home in Kansas, from Jefferson City where they attended the graduation of Mrs. Harris's daughter, Doretha Harris, 22, who graduated from the Lincoln University, Tuesday morning.

In the car besides Mrs. Harris, her daughter Doretha and her brother, was another daughter, Esther Harris, 20.

Grizzell, driving a 1954 Oldsmobile 88, was headed east and at the bottom of a hill the car struck a large pool of water causing him to lose control of the machine. It swerved to the right struck the ditch, then swerved back across the road and went into a ditch on the south side of the highway. The front end of the vehicle was damaged.

Mrs. Harris was brought to the Bothwell Hospital in the Ewing ambulance where Dr. A. L. Lowe rendered medical treatment. She was later taken to Hospital No. 2 for further observation.

The car was towed to Sedalia by Chamberlain's wrecker and taken to the Routsong Motor Co.

## Motorist Hurt When Automobile Leaves Road

Harold Louis Lloyd, 21, Cameron, was treated at the Bothwell Hospital about midnight Tuesday for injuries he reported receiving when his car went off a road near Lakeview Heights.

Lloyd told Trooper Pete Stohr of the State Highway Patrol that he and Frank Pooler, Cole Camp, had been visiting the resorts in the area and were returning to Pooler's home when the accident occurred. He said he started up a hill and the car went into a ditch, doing damage to his car's tie-rod.

Later, he reported, after getting the car out of the ditch they started on their trip home again. On a road which circled the lake edge near Lakeview the car went out of control and off an embankment, narrowly missing going into the lake. The car was stopped by a rock.

They were taken to the home of Pooler and later he was brought to Sedalia in the Rens ambulance from Cole Camp.

Dr. Carl Siegel examined Lloyd and gave medical treatment. He was dismissed to go back to the Pooler home.

Lloyd and Pooler served in the armed services together during World War II. Lloyd being discharged and Pooler remaining in the service. Pooler is at home on leave.

## Catholics Continue Public Protests In Struggle With Peron

BUENOS AIRES (AP) — Roman Catholics demonstrating in support of the clergy in its conflict with the Argentine government clashed with police in four provinces last night. About 24 persons were reported jailed.

Such incidents are occurring almost daily as Catholic laymen continue staging street processions and distributing pamphlets backing the church in its seven-month-old quarrel with President Juan D. Peron's regime.

The new law passed May 19 to abolish religious education in public schools became effective with publication in the government bulletin today.

## Annual District AAA Meeting Due Tonight

The annual dinner meeting of the district advisory board of the American Automobile Association will be held this evening at 6:30 p.m. at the Bothwell Hotel, according to Ray Lippard, district manager.

State President Matt Morse will give an annual report. Also attending will be George P. Marsh, secretary, and J. L. Muhl, outstate supervisor.

Representatives will be on hand from the eight-county district, which includes Pettis, Johnson, Henry, Sinclair, Cedar, Benton, Morgan and Hickory Counties.

## Begin Wheat Harvest In Western Oklahoma

OKLAHOMA CITY (AP) — Scattered wheat harvesting was reported yesterday in western Oklahoma.

Many fields still are not dry enough for harvesting following last week's heavy rains, but farmers did the best they could for fear more showers were on the way.

In southeast Cotton County it was reported 12,000 acres were ruined by flood and hail.

First cutting yields are running as low as four bushels per acre, indicating a state harvest of about 33 million bushels.

NEWS FILLERS AP May 13 1955  
Bees fan their wings to cool the hives in summer and maintain the hive temperatures by bodily activity in winter.

## OBITUARIES

**Mrs. Nellie Mae Reine Services**  
Funeral services were held at 2:30 p.m. Wednesday at the Reorganized Latter Day Saints Church, Knob Noster, for Mrs. Nellie Mae Reine, who died at Bothwell Hospital Tuesday morning. Elder Russell McCarrell and Elder W. S. Macrae officiated. Burial was in Knob Noster Cemetery.

The body was at the McLaughlin Funeral Chapel up to time to leave for service.

She had for some time been making her home with her son, Joseph L. Reine, Route 4, Sedalia.

**Mrs. Mary Starke Reavis Hardin**  
Mrs. Mary Starke Reavis Hardin died at 11:30 a.m. Saturday, May 28, at her home, 306 East Palmer, Glendale, Calif. On Nov. 17 she suffered a heart attack and for the past two months had been bedfast.

Funeral services were held Tuesday at Glendale, with cremation and burial in Forest Lawn Cemetery.

Mrs. Hardin was born Sept. 27, 1870, daughter of the late Judge and Mrs. J. D. Starke, Ottumwa, and was married to Frank Reavis, Bunceton, who died Feb. 14, 1936. She later was married to William O. Hardin, Glendale, who survives, as does a sister, Mrs. J. L. Spillers, Wichita, Kan. Surviving nieces in this area include Mrs. Allen Dover, Sedalia, and Mrs. Walter Castle, Ottumwa.

Mrs. Hardin spent her entire life near Ottumwa and Bunceton up to moving to Kansas City and later to California.

She was an active member of the Presbyterian Church until her health failed.

She had been for many years a leader in the program sponsored by the church for the youth of the Philippines who came to this country for study and to make permanent homes.

**Mrs. Mary H. Wallace**  
Mrs. Mary H. Wallace, 88, former resident of Nelson, died at the home of a daughter, Mrs. Cleve Hill, Independence, the past week. Burial was in Old Lamine Cemetery. Prior to moving to Lamine the Wallace family lived at Nelson.

Surviving are seven daughters, Mrs. E. O. Meyers, Mrs. William Stone, Mrs. George Bibb, Mrs. M. L. Belot, all Kansas City; Mrs. William Anderson, Seattle, Wash.; Mrs. Cleve Hill, Independence, and Mrs. Jodie Cave, Lamine; and two sons, Jewell Wallace, Franklin, R. A. Wallace, Blackwater.

**Miss Lydia Badertscher Rites**  
Funeral services for Miss Lydia Badertscher, who died Sunday at the home of a sister, northeast of Versailles, were held at 2 p.m. Tuesday at Versailles, the Rev. James S. McClymont officiating. Miss Badertscher and sister, Miss Barbara Badertscher, during last autumn and through the winter had an apartment at the home of Mrs. L. B. Candioti, 409 West Fourth, leaving here a few weeks ago due to illness of the sister, who died.

**Abner Hayden Moore, Sr.**  
Abner Hayden Moore, Sr., son of the late Mr. and Mrs. John P. Moore, pioneer residents of the Bunceton community, died recently in Fullerton, Calif., where he had resided many years.

He was born Sept. 15, 1888, and was married to Miss Porter Carlos, daughter of Mr. and Mrs. H. D. Carlos, Sr.

Surviving are a daughter, Mrs. John McCune, Berea, Calif.; and three sons, Hayden Moore, Jr., Van Nuys, Calif.; Kemper S. Moore, Mission, Kan.; and Hillard W. Moore, Lubbock, Tex. He was preceded in death by his wife and a daughter.

Funeral services were held at the McAulay and Suter mortuary chapel, Fullerton. Burial was in Loma Vista Memorial Park Cemetery.

**Louis D. Goltra Rites**  
Funeral services for Louis D. Goltra, 41, World War II veteran, who died at the Veterans Hospital in Topeka Sunday, were held at the Ewing Funeral Home at 1:30 p.m. Wednesday.

Elder W. Randall Caviness, Clinton, officiated.

Mrs. Arthur Peterson and Mrs. Harry Brodersen sang, "Nearer My God to Thee" and "Shall We Meet Beyond the River?" accompanied by Mrs. Mae Moser at the organ.

Pallbearers were George Ricks, Fred Pump, Forrest Ritchey, Jack Lewis, Oran Martin and Forrest Westfall.

Pettis County Veterans Council was in charge of the military services at the grave.

Burial was in the Crown Hill Cemetery.

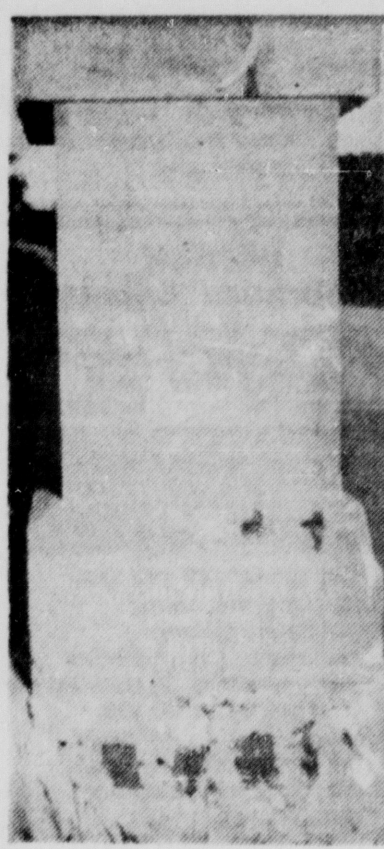

**David Gibson Services**  
Funeral services for David Gibson, 82, who died at his home, 103 East Jackson Tuesday morning, will be held at the Ewing Funeral Home at 2 p.m. Thursday. The Rev. D. Warren Neal, pastor of the Broadway Presbyterian Church, will officiate.

Pallbearers will be McKinley Thomas, Clay Thomas, W. B. Gibson, Rollie Thomas, Ward Glenn and William Gibson.

Burial will be in the Crown Hill Cemetery.

The body is at the Ewing Funeral Home.

**Gillespie FUNERAL HOME**  
DEL MEAD  
NINTH AND OHIO • PHONE 175

At 3:25 p.m. Sunday afternoon the above car, driven by David Paul Long, 22, of Kansas City, crashed into the Muddy Creek slough bridge abutment, West Highway 50, shown at the right. Long was fatally injured and died at the Bothwell Hospital at 5:10 Sunday afternoon—the first traffic death in Pettis County since January 1. At the base of the abutment can be faintly seen the imprint "Kansas City Athletics" made from a car tag sign which was on the front bumper of the 1955 Ford car driven by Long. The car was demolished. (Staff photo)

## Announce Possibility Of Nuclear System For Heating, Cooling

ABSECON, N. J. (AP) — A year-round home heating-cooling system powered by a nuclear reactor about twice the size of an auto battery was put forth today as "a practical reality possibly within a few years."

Robert E. Ferry, general manager of the Institute of Boiler & Radiator Manufacturers, made the forecast at the institute's annual meeting, and said the new concept marks the first proposal to put atomic energy to work actually within the home itself.

The "A-boiler" system, consisting of the baby reactor hooked up to a boiler, will be explosion-proof and safe from radioactivity, Ferry said.

Placed in the garage or basement, the system will both heat and cool the home for about six years on a single charge of fissionable material sealed within the reactor, he said.

Ferry estimated the cost of the six-year charge at about \$300.

## Grand Jury to Hear Caudle on Finnegan Investigation Issue

ST. LOUIS (AP)—T. Lamar Caudle, fired by former President Truman as head of the Tax Division of the Department of Justice, was scheduled to be a witness today in a federal grand jury inquiry here.

The grand jury is investigating the handling of the investigation of James P. Finnegan, former St. Louis internal revenue collector now serving a prison term for misconduct in office.

Others expected to appear before the grand jury this week are Frank Lohn, former district commissioner of internal revenue at Omaha; Edward H. Foley Jr., former undersecretary of the treasury, and Thomas Lynch, former Justice Department counsel.

## Grey Kitten Presents Problem for Workers

ST. LOUIS (AP) — A 7-week-old grey kitten gave five policemen, two sewer department employees and a Humane Society of Missouri agent a bad night.

The kitten got into a storm sewer inlet last night, Humane Society agent Robert Brandau, aided by the police, city workmen and bystanders, spent four hours getting the animal free.

Elaborate plans, including one to simply force the kitten out with water, failed. Finally Brandau squeezed into a pipe three feet in diameter and reached the animal. It was bailed to the surface in a bucket.

## Northside Citizens Meet Friday Evening

Northside Citizens Association will meet at 8 p.m. Friday at the American Legion Hall, 100 West Pettis, to elect officers for the new year.

## Open Cotton Congress

HARLINGEN, Tex. (AP) — Delegates began arriving today for tomorrow's opening of the annual American Cotton Congress.

## MW Leaders Prefer Open Proxy Fight

WASHINGTON (AP)—Rival leaders in the recent bitter fight over control of Montgomery Ward agreed today there should be full disclosure of proxy soliciting activities in such battles.

John A. Barr, new chairman of the board and president of the big mail order concern, and Louis E. Wolfson, who waged a losing fight for control of the company, testified before a Senate Banking subcommittee.

The subcommittee is studying the question of whether present laws governing proxy fights and corporate elections are adequate.

Barr said stockholders "should have complete information about any group which proposes to take over the management of their company."

But in the case of the Montgomery Ward scrap, Barr said, "unnamed and unidentified members of the Wolfson group" owned more than 700,000 shares.

"To this day neither the management nor the stockholders know who the members of Mr. Wolfson's group were who bought over 50 million dollars of Ward stock as part of his plan to gain control of the corporation," Barr said.

Barr succeeded the veteran Sewell Avery as board chairman after the Ward management turned back Wolfson's bid to take over.

The Wolfson forces won three of the nine seats on the board of directors.

## La Monte Man

Continued From Page One  
en to the hospital in the Saults-Baker ambulance.

Mrs. Bolles was taken to the Saults-Baker hospital in an ambulance from the base. She was treated by Lt. James Jones, M.D., for lacerations about the face, lacerated lip and chin and one inside the lower lip. She also had bruises.

Later she was taken to the Medical Center at Warrensburg.

Sgt. Henson received bruises about both knees.

Sgt. Henson and Mrs. Bolles were enroute to their homes in Warrensburg from the base when the accident occurred. Hontz and Gerkin were enroute to LaMonte.

Both automobiles were towed to the Homer Wilson service station at Warrensburg.

Born Feb. 13, 1886 in Moniteau County, Gerken was the son of John W. and Jane A. Gerken. He was married to Miss Oretta A. Leid Feb. 2, 1909, who preceded him in death Nov. 12, 1936. On April 2, 1940, he married Mrs. Ella M. Ellis, who died Nov. 25, 1954.

Surviving are: one daughter, Mrs. Opal Denham, Sedalia; a step daughter, Mrs. Ada Powers, Houstonia, a step son, Charles Ellis, Sedalia; a sister, Miss Ollie Gerkin; and several grandchildren. He was a member of the Glensted Methodist Church.

The body is at the Parker-Moore Funeral Home, LaMonte, where funeral services will be held at 2 p.m. Friday, the Rev. Cox, Houstonia, to officiate.

Mrs. Leon Parsons will be in charge of the music.

Pallbearers will be Lloyd Harmon, John L. Sullivan, Clarence Bauer, Walter L. Porter, Hubert Miller and Russell Wagenknecht.

Burial will be in Houstonia Cemetery.

Medical: Mrs. John Burke, Versailles.

## Belated Reports Run Memorial Day Toll Up

By THE ASSOCIATED PRESS  
Belated reports of accidental deaths during the Memorial Day weekend ran the already record toll still higher today.

Final tabulation today for the period between 6 p. m. Friday and midnight Monday showed the totals were 369 in traffic accidents, 131 drownings and 96 in miscellaneous accidents.

The traffic toll exceeded the previous record of 363 set in 1952. The over-all total of 596 also was a new record. Last year the respective figures were 362, 93 and 84.

# Rules Out Transcript For Newspaper

NEW YORK (AP)—A State Supreme Court justice has ruled that a newspaper has no legal right to be given a transcript of a court trial at its demand.

This decision was handed down yesterday by Justice Anthony Di Giovanni in denying a request by the New York Post that County Judge Samuel S. Leibowitz be directed to give the paper a copy of his charge to the jury in a recent Brooklyn manslaughter case.

Di Giovanni said the trial transcript was not a public record, which normally would be available to a newspaper. "The mere fact that a transcript which has been taken relates to a matter of public interest does not make it a public record," the justice said.

The Post has 30 days in which to appeal the decision if it decides to do so.

The trial in question was a manslaughter case against policeman Robert Surrey, who shot and killed a Brooklyn youth Feb. 13 as he fled from the scene of a disturbance. Last April 18 a jury acquitted Surrey after deliberating 10 minutes.

In refusing to order that the Post be given a transcript of the charge, Di Giovanni said:

"While the court is of the opinion that the petitioner is animated by motives of high public interest, it cannot prevail on this motion except by a demonstration of statutory right or common law right given it, which it has not done."

He denied that freedom of the press was at issue, saying:

"The trial in which the charge herein sought was delivered was open to the press and to the public and no contrary contention is made. Petitioner's reporter was, or had an opportunity to be, present and to report what transpired thereat, presumably did so, and had full opportunity to record or make notes of the charge given and to comment thereon."

Di Giovanni said that if anyone had the right to demand a trial transcript, the court stenographer might be kept so busy he would be unable to carry out his court duties.

## Prepare Full Report On Why Vaccine Was Held Back From Use

NEW YORK (AP)—Most or all your questions about the polio vaccine could be answered in an official report soon.

The U.S. Public Health Service is preparing this report, and it may be ready this weekend, Surgeon General Leonard Scheele said today.

He said it will tell why release of vaccine was held up, and why some changes were made in testing regulations. It will also tell what "new knowledge" was learned during scientific discussions and studies recently.

President Eisenhower says scientific work during the delay period in vaccinations produced "new things about the way viruses behave in large-scale manufacture" and brought "new safeguards."

But little of this has been spelled out.

Dr. Scheele said the full report will do so.

## Hit Eastern Ridge On Flight to Homes

UNIONTOWN, Pa. (AP)—Four persons, heading home from the Indianapolis Memorial Day auto race, were killed in the crash of a single-engine Cessna airplane on a mountain near this southwestern Pennsylvania community.

The craft ripped into Laurel Ridge, about 16 miles north of here, during a thunderstorm Monday night. The wreckage was not found until yesterday.

The victims were Glen C. Bream, president of the Gettysburg Motor Co., Gettysburg, Pa.; Mr. and Mrs. Floyd E. Gieman, Hanover, Pa.; and Roy E. Lambert, Taneytown, Md. Police said they all appeared to be in their mid-40's.

Bream was the owner of the plane. They said he apparently went off course during the storm and struck the mountain.

## Life's Like That; Loses Big Fish

OMAHA (AP)—George Barlow was unhappy today.

For two seasons he had been fighting a battle with a big bass in a nearby lake. Several times he "had him hooked." But every time the bass battled free.

This week, Barlow went after that bass again. He had just got settled when along came Frank Freihage, out for his first try of the season.

Freihage made a quick cast. He got a bite and, after a fight he hauled in a scarred 3½-pound bass. Barlow looked at the fish. "That's him," he sadly said.

## Scrambled Eggs

ALBEMARLE, N.C. (AP)—Robert Wall had scrambled eggs the other morning. He told police he tried to prevent a sack of eggs from sliding off the car seat, took his eyes off the road for a moment and smashed into a telephone pole.

## Gets US Assurance

TOKYO (AP)—Foreign Minister Mamoru Shigemitsu said today he had been assured U.S. planes based in Japan would not use atom bombs in the Formosa Strait. "I heard it from a responsible U.S. official," he told the lower house Budget Committee of the Japanese Diet.

## Wishes US To Give Aid, Not Grants

WASHINGTON (AP)—Sen. Potter (R-Mich.) said today that "for psychological reasons" the United States should channel its economic aid to foreign nations in the form of loans, not outright grants.

He said he will fight in the Senate later this week for an amendment to require the administration to put most of its requested 165 million dollars in direct economic aid on a loan basis.

The Senate agreed yesterday to limit debate on the 3½-billion-dollar aid program effective tomorrow. That may bring passage late tomorrow or Friday.

Sen. George (D-Ga.), chairman of the Foreign Relations Committee, which approved the full authorization asked by President Eisenhower, said he still is confident the Senate will approve the bill pretty much as it came from his committee.

"There might be some small cuts, or small additions for that matter," he said, "but I do not want the measure interfered with in great detail."

Potter said in a separate interview: "I cannot for the life of me understand why economic aid should not be on a loan basis." He said India had been compelled to turn to the Soviet Union for a loan to construct a steel mill. This

## New Strike Harasses Chilean Government

SANTIAGO, Chile (AP)—The strike harassed Chilean government had a new walkout on its hands today about 4,500 steelworkers at Huachipato, in southern Chile, were off their jobs to enforce pay raise demands.

The new strike began yesterday, shortly after the government agreed to give pay raises to 25,000 cemetery and hospital workers who walked out five days ago. The nation's university students also are on strike to enforce demand for the ouster of Interior Undersecretary Carlos Ferrer.

nation, he said, could have concluded the same arrangement with India if a loan of that kind had been available.

## Remove Active Aid To US Civilians Now Living in Germany

FRANKFURT, Germany (AP)—The U. S. Army today took away the cheap housing, cigarettes, gasoline and other logistic support it had been furnishing hundreds of American civilians in West Germany.

The action was the result of the return of sovereignty last month to West Germany. Americans employed by the Army and those living in Berlin—still under three-power Allied occupation—were not affected.

Prices in German establishments are generally higher. Americans living in Germany also are subject now to German laws and income taxes.

For Ambulance Service Ph. 8

## Typical June Weather Over Most of Nation

There was some snow and cool weather in sections of the West today but generally pleasant June weather prevailed in most other parts of the country.

Thunderstorms, with hail and

gusty winds, struck areas in the central and northern plains states as stormy weather moved south and eastward from the Central Plateau and central Rockies. Rain and snow yesterday spread over areas from northwestern Wyoming to southeastern Idaho, northern Utah and central Nevada.

## THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., June 1, 1955 7

### Drowns After Fall

MONTEREY, N. Y. (AP)—Jack S. O'Neill, 18, was drowned yesterday in eight inches of water. State

police said he apparently was knocked unconscious when he fell 14 feet from a bridge into a creek.

The Slaughter Goes On . . . .

Missouri's holiday weekend claimed the lives of 18 motorists, one of them in Pettis County. In most instances speed was the factor. For the nation the toll was a record high of 368 over 363 in 1952.

Accident moderation prevailed along Central Missouri highways on the basis of percentage consideration. However, there were enough smackups to chill the spine.

Emphasis is placed on highway deaths during the holiday period although there were 130 drownings and 92 deaths from miscellaneous causes for a total of 590.

There is no accounting in number the lives saved as result of a nation-wide safety campaign bringing forceful reminders from the press and law enforcement officers to "Slow Down and Live." At the grass roots level one phase of the campaign is evident—hundreds chose to remain off the highways during holiday congestion. Multiply that nationally and you have hundreds of thousands playing it safe and without a doubt lessening the number of potential fatalities.

Within a month the nation faces another

three-day holiday weekend. Intensified traffic law enforcement may slack the slaughter, but lessening of it basically will be from response of those behind the wheel.

Between now and the Fourth of July weekend motorists planning trips might start conditioning their minds for the hazardous venture by cultivating concentration on driving while at the wheel. Every driver has the responsibility of protecting not only his own life but the lives of others. "Think or Die" is a good rear bumper slogan.

Unless the traffic slaughter on the highways is decreased there may come a time when public indignation may result in effecting laws restricting the horsepower of motor vehicles—limiting the speed these engines can deliver.

Many of us don't expect to be around by the time public sanity reaches this point of controlling the national speed mania, but the suggestion offers healthy speculation.

In the meantime cooperate in the Slow Down and Live campaign.

High Price Austrian Freedom, But Worth It

It was a great day for Austria and the western world when the peace treaty was signed in Vienna with the United States, Soviet Russia, Britain and France. Austria, about the size of the state of Maine, with a population of some 7,000,000 people, will have to pay a high price for her newly won independence. The other three nations waived their war booty, but Russia claims her "pound of flesh" to the extent of \$810,000,000 from Austria's oil wealth. The state treaty, recently signed, gives Russia a lien on the Austrian economy amounting to \$320,000,000, the oil Russia has already removed from Austria, plus the industrial equipment which

they also took. The Austrians are left "holding the economic bag" while the Russians reap the harvest.

Had it not been for the pressure put upon the Russians by the United States and the other two powers the Austrians would have come out even worse. No matter that she must pay off this ten-year mortgage, Russian would rather be free. Her people's determination to build a better future against all odds has already resulted in creating new industries and expanding resources.

With the departure of the Russians, the Austrians and visitors will soon be waltzing again to the tune of the "Vienna Woods."

The Washington Merry-Go-Round— May Force Oil Companies From Retailing

By Drew Pearson

WASHINGTON — This congressional session, so far devoid of any great results and far below advance Democratic hopes, will get a business bombshell from Congressman James Roosevelt of California.

He plans to introduce legislation divorcing the big oil companies from the retailing end of the business.

His investigation of filling stations has shown a shocking system by certain of the big oil companies, especially Shell and Standard Oil of Kentucky, to force filling station owners to carry certain tires, batteries, and accessories which the big oil companies want carried whether the owner wants them or not. Filling station operators who refuse to comply and who carry an independent brand of tires or batteries are threatened with loss of franchise.

Witness after witness testified before the House Small Business Committee that he was forced to stock up certain tires and accessories, also forced to boycott other independent makes.

As a result, Roosevelt and his fellow committee members will propose that the oil companies be divorced from the retail business just as the motion picture producers have been divorced from movie theatre exhibition.

They believe that little businessmen are finding less and less opportunities open and that they must have at least free opportunity in the retail trade.

The bill won't pass this session, but Roosevelt plans to draft and propose it this summer.

Who Comes First?

Silver-crested Spessard Holland, Florida Republican, and Congressman George Dondero, Republican of Royal Oak, Mich., got into quite a tiff over who should present a desk set from Vice President Nixon to Nicaragua's President Somoza.

The set was taken to Nicaragua by a congressional delegation junketing through Central America and Holland argued that he should make the presentation because a senator is more important than a congressman.

Dondero huffily replied that he was older and had been in Congress longer than Holland. Though only a congressman, Dondero snorted, his seniority gave him protocol rights over Holland.

In the end, both Holland and Dondero talked at once as they delivered the desk set to the president of Nicaragua.

Pacific Pacific

It looks as if the United States might be in for

a period of peace in the Pacific—at least for the time being. Several important things are happening in the backstage maneuvering of the diplomats. Here are some of them:

No. 1 and most important, the Russians appear to have cut off arms to China. This has made the Red Chinese furious. It's also held up all-out attack on the offshore islands. Some diplomats think Moscow may develop a Chinese Tito as a result, though this is probably much too optimistic. At any rate, what Moscow wants is no boat-rocking of the peace while they're still trying to woo the Germans away from rearmament.

No. 2—India's crafty Krishna Menon has been almost commuting from Peiping to persuade Chou En-lai to pipe down; also to release the American prisoners. He appears to be making progress.

No. 3—Pakistan's Mohammed Ali, Burma's U Nu and Indonesia's Ali Sastramitojo are also trying to calm the Red Chinese, prevent any outbreak around Formosa.

No. 4—Carlos Romulo, special Philippine envoy and good friend of the USA, has been secretly invited to visit Red China. He should be an additional pacifier.

No. 5—Senator Knowland of California, sometimes called the "Senator from Formosa," wisely decided not to rock the boat with any statement making during the British elections. He wanted Eden to win, knew his tough statements played into Labor's hands. The Knowland silence worked well and he may continue it.

In brief, U.S. diplomats hope and believe the Quemoy-Matsu tempest will remain in cold storage for the time being. It's bound to lash out eventually, however.

Problems of Atomic Age

A secret atomic energy report warns that, in years to come, the United States will accumulate a dangerous amount of radioactive waste from our atomic factories. What to do with it will become a problem. At present this waste is bottled in thick containers and buried in the desert. But the radioactive poison will eventually eat through the containers and might pollute the nation's underground water supply.

After a dangerous amount of radioactive waste accumulates, therefore, it may be necessary to remove it completely off the earth. One method, actually under consideration, believe it or not, would be to load the containers on rocket ships and shoot them into space. If the rocket hit Mars or some uninhabited planet that would just be their bad luck.

Capital News Capsules

Is Russia Sincere?—Chancellor Julius Raab has tipped off the West that Russia's signing of the Austrian peace treaty will lead to a sweeping redeployment of Soviet army and air forces in Eastern Europe. . . . Raab is convinced the Russians will give dramatic proof of this by pulling back hundreds of thousands of their troops and planes in the satellite countries, replacing them with limited defensive units. If this does happen, it will be one of the most far-reaching moves to establish real peace since the end of World War II.

Dulles Nepotism—J. Foster Dulles is not much of a sentimentalist, but he prosed a champagne toast to his sister Eleanor during the Big Four foreign ministers conference. This startled Russia's Molotov somewhat, but he raised his glass along with the French and British foreign ministers. Reason for the toast, Dulles explained, was that Eleanor Dulles, who works in the State Department, spent three years of her career writing the Austrian peace treaty. . . . No Secretary of State in years has had so many relatives on the payroll as Dulles. His sister is in the State Department and his brother head of Central Intelligence.

Guest Editorial--

JEFFERSON CITY (Mo.) POST-TRIBUNE: WATCH THE SLICKERS. Despite the warnings of real estate commissions of several midwest and southern states, non-licensed persons continue to operate especially in the small communities. J. W. Hobbs, secretary of the Missouri Real Estate Commission, calls attention to situations in Arkansas that are similar to those reported in Missouri. His advice to property owners is to check with members of his board if anyone is in doubt, about outside dealers. Also, it is advised to check the credentials of the operators who are armed with packets of advertising and promises of high sales prices.

The gimmick in the deals of the non-licensed dealers is that they ask an advance to cover cost of advertising. This may amount to only two lines in only one publication. But there is no recourse on this advance fee, which usually is 1 per cent, or about \$150. The reason these dealers "get away" with their deals is that the victims are loath to report their losses.

O. D. Hadfield, Jr., secretary of the Arkansas Real Estate Commission, recently said that the St. Louis Better Business Bureau conducted an investigation of two operators for seven months. Commissions of \$5,400 were reported and the probe failed to locate evidence of a single sale or of advertising for any of the 40 victims.

Thought For Today--

The Spirit itself beareth witness with our spirit, that we are the children of God.—Romans 8:16.

The soul on earth is an immortal guest, compelled to starve at an unreal feast.—Hannah More.

One Important Crop That Never Fails

The World Today— Integration Will Take Years

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON — It will be years before racial segregation in public schools is wiped out everywhere in this country—in spite of the Supreme Court's order to end it—and then probably only after a lot of court fights.

The rate at which segregation disappears depends upon the co-operation or defiance of individual states with the high court's decision.

Officials in five places—the District of Columbia, Virginia, Delaware, South Carolina and Kansas—were told by the court they would have to begin promptly to work out a plan for abolishing segregated schools.

But authorities in all other segregated states can try any dodge they can think of to get around the court's ruling.

On May 17, 1954, the court ruled on an appeal by Negroes who protested against segregation in the District and the four states mentioned above. The court said public school segregation is unconstitutional and had to stop. But it did not say how and when.

The court then asked all the states with segregation to chew over the problem and appear later with suggestions for wiping out their double school systems.

In April the nine justices listened to attorneys for the Negroes, attorneys for the segregated states, and U.S. Solicitor General Simon E. Sobeloff, who represented the Justice Department.

The Negroes asked for an end to all segregation no later than September 1956. Generally, the states asked the court not to fix a deadline. Rather, they said, the court should let federal district judges work out the problem with officials in their states and local communities.

Sobeloff also suggested federal district judges be allowed to handle desegregation with the authorities within their jurisdiction. The idea behind this was that different communities have different problems.

Yesterday the Supreme Court gave its decision. It did not say precisely how or when segregation shall be ended.

The court, addressing itself to the Supreme Court of Delaware and the district judges whose jurisdiction covered the other four original defendants, told them to require the authorities in their area to make a "prompt and reasonable" start toward ending segregation. It said a reasonable time

could be allowed for carrying out the desegregation plans.

The federal judges outside those five areas were not told by the Supreme Court to require any action by the authorities in their territory. One of the best informed lawyers in the government said this could happen:

The judges don't have to do anything unless Negroes appeal to them to carry out the Supreme Court's order against segregation. Once that starts, if the local authorities protest, a court fight begins.

How many such fights are possible? No one can say. In the end the states will lose because the court yesterday said that any state or local laws which conflict with its ruling are unconstitutional.

But still the court fights are not only possible but may be forced on the Negroes by states which do nothing to end segregation. The National Assn. for the Advancement of Colored People said last night it is prepared to fight whole batches of these cases if necessary. Georgia indicated that's how the NAACP may have to fight.

Looking Backward ...

TWENTY-FIVE YEARS AGO

Over 200 members of the Missouri Association of Letter Carriers and auxiliary banqueted Friday night at the First M.E. Church. Edward J. Gainer, national president of Letter Carriers, was the principal speaker.

1930

W. B. Robertson and family left for the Ozarks and were to spend several days fishing after the season opened on June 2.

1930

Missouri was to be stocked with English Ringneck Pheasants if the purpose intended materialized. Some 30,000 fine strained eggs were to be distributed to farmers and sportsmen a considerable number to be allotted Pettis and Benton counties.

1930

H. L. Carlock, 506 East 13th, was commissioned a special police officer and began duties as desk sergeant for the city police department.

FORTY YEARS AGO

At the business meeting of the Sedalia Military Band of which H. H. Droncken was musical director, the name of the band was changed to Kroencke's Concert Band. This action was in honor of its popular leader.

1915

William Cunningham from the Confederate Home at Higginsville, wearing a uniform of gray, marching with the local GAR in the Memorial Day parade Monday.

1915

Newton P. Elmore, county clerk, and Mrs. Elmore, arrived home from a sojourn at points in Texas.

1915

W. H. Hall, former Sedalia, was appointed by W. A. Webb, vice president of the MKT railway, as general superintendent of telegraph with headquarters at Denison, Tex.

What They Say ...

Paul Carpenter (1721 South Lamine)—Last Friday, May 27, I had new potatoes the size of a silver dollar in my garden. Usually they are not this size until the first part of July.

As Sedalia Sees It— Big 4 Conference Outcome May Affect Ike's Decision

By JOSEPH A. DEAR  
Democrat-Capital  
Washington Correspondent

WASHINGTON—President Eisenhower's availability for the Republican nomination next year may well be determined by the outcome of the Big Four conference.

This theory, which is gaining currency here every day, assumes the President finds life at the White House so onerous that he will be unwilling to run the risk of being elected again unless his sense of duty compels him to. And his sense of duty, so the argument runs, will be immune to influence if war clouds dissipate somewhat during the coming year. Only if war appears imminent at the time of the GOP convention will Ike have much chance of persuading the President to postpone his departure to that Gettysburg farm.

Thus the new masters of the Kremlin, oddly enough, may control the fortunes of the Republican party. The rulers of the Communist world may insure President Eisenhower's political retirement if they appear genuinely interested in finding peaceful solutions for world problems during and after the upcoming "meeting at the summit." Without Eisenhower, of course, Republican prospects are diminished.

The validity of this speculative theory to a large extent hinges on the accuracy of the assumption that the President is fed up with life at the White House. There can no longer be much doubt on this point. He is. He has indicated his attitude to so many people on so many different occasions that his distaste for the job is practically common knowledge.

It is not only what the President says that makes an impression, but also his appearance and bearing. Sensitive and perceptive persons who have heard first hand the President's plaintive observations agree that he seemed a fatigued man who wanted out.

The President endures continuing, gnawing pain from an inflammation of the elbow joint of his right arm. Bursitis makes it difficult for him to relax at public functions or at those chummy White House "stag" dinners. Only a heating pad in his bed affords relief.

And perhaps because of this ailment, the President at close range displays little of that radiance he can project so well over television. The TV cameras don't catch a false image, but the President is often a weary man. And it shows. More than once, it has seemed abundantly clear that only sheer power on the President's part got him to a particular banquet. And Mrs. Eisenhower often appears as weary as he does.

The President of the United States must be a man of many

8 THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., June 1, 1955

# Hal Boyle's Column— Best Way to Remain Happy Author Is to Avoid Success

By HAL BOYLE

NEW YORK (AP)—Anybody can be an unsuccessful author.

All you have to do is sit down and write a book.

If nobody publishes it, you are automatically unsuccessful. And if somebody does publish it, the odds are at least 99-1 you still will be an unsuccessful author.

Successful authors are as rare as successful inventors. Whether successful or not, actual authors tend to be melancholy, dyspeptic individuals ridden with a feeling of persecution. They are sure their publishers are scoundrels, and that the entire world is linked in a gigantic conspiracy to drop their latest book down a deep dark well of silence.

The real way to win happiness in the literary field is to become an expectant author—and remain one. An expectant author is one who has a book in mind, or partly under way, but never quite gets around to finishing it. He has all the pleasures of authorship, but suffers none of its pangs or penalties.

I have been an expectant author for 20 years now, and can't think of a more satisfying hobby. It brings you much more prestige and personal satisfaction than if you actually did bring out a book.

The most wounding question an actual author hears—and he hears it all the time—is the blunt demand: "How is your book doing—how many copies has it sold?" This is like asking a proud young mother how many teeth her baby has when it still has none at all.

## Smithton Hi Class of 1951 In Picnic Here

By B. B. Ihrig

SMITHTON — Several members of the Senior Class of 1951, Smithton School, with their families, and the sponsor of that class, Mrs. E. E. Baum and Mr. Baum, met for a picnic at Liberty Park, Sedalia, on Sunday, May 22. Those present were Mr. and Mrs. Bud Lawson and son, Mr. and Mrs. Gary Griffin and son, Mrs. John DeWitt, Mr. and Mrs. Charles Van Dyke of Chicago, Floyd Dixon, Mr. and Mrs. Honce DeHaven, and Mr. and Mrs. E. E. Baum. Several in the class were not able to attend and some others could not be contacted.

Dr. and Mrs. W. A. Bewley, Kansas City, visited in the William G. Green home on Sunday.

Dr. and Mrs. Robert Fariss and daughter, Catherine Ellen, Webster Groves, were recent visitors with Mr. and Mrs. Wm. Green and daughter Mrs. John DeWitt. Dr. Fariss is a nephew of Mrs. Green. They were returning from a two week vacation in Colorado and New Mexico. Dr. Fariss received his PHD in Chemical Engineering from Boston Tech last spring and has a position in St. Louis, Mo.

Mrs. Orville Demand and Mrs. Shelby Monsees recently spent the day in Warrensburg with Mrs. Harry Kelly. Mrs. Kelly is planning a summer vacation with her daughter, Mrs. P. K. Dawes and Mr. Dawes of Los Angeles, Calif.

Vacation Bible School under the supervision of the Methodist Church will begin June 2. Rev. William Butts is the dean of the school.

Circus Man

DETROIT (AP) — Bright pennants fly from Clyde Wixom's front porch. His living room is decorated with pictures of clowns, elephants and tigers. Bedroom walls are lined with circus posters.

A handcarved miniature circus crowds Wixom's attic and there is a bright red calliope in his recreation room. "Any real American is nuts about a circus," he says.

Wixom's grandfather organized his own circus in 1874, but gave up in 1907. Clyde didn't. Clyde went to the University of Michigan to learn to be a circus lawyer; ended up an advance man for the Hagenbeck-Wallace Circus. After a stint as a theatre manager and Detroit fireman he retired in 1951—to his circus-like home.

Van Van Dyne Captures City Jaycee Junior Golf Tourney

Leslie Griffin Takes 2nd; Vic Van Dyne Third

Van Van Dyne, Route 4, won the first place trophy Tuesday in the fifth annual Jaycee Junior Golf Tournament at the Countryview Golf Course.

Leslie Griffin, 18th and Barrett, took second place and Vic Van Dyne, Van's brother, won third place. Runners-up were Tony Walch, Ronnie Turner and Tom Austin.

Eighteen holes were played, beginning at 9 a.m. Van went out in 42 strokes and returned in 37. Par for nine holes is 36. Griffin scored 43 and 42, while Vic made 44 and 42, trailing by only one stroke on the opening nine.

The three winners will play in the state tournament at Marshall June 14-15 under the sponsorship of the Sedalia Jaycees. The first place winner in the state tournament will be sent to the national tournament at Columbus, Ga., on Aug. 15-20 with all expenses paid by the Missouri Jaycees.

The three Sedalia boys will be presented their awards at the next regular dinner meeting of the Jaycees on June 9, according to George Thompson, chairman of the golf tournament project here. At that time Van will receive his trophy and Leslie and Vic will each receive medals.

Assisting Thompson at the tournament Tuesday were Jack Delph, Howard Glavin and John "Bud" Thomas.

Inter-City Golf Starts Thurs. At Columbia

The age old Inter-City golf matches between the country clubs of Sedalia, Jefferson City, Columbia and Fulton will make their 1955 debut Thursday afternoon, June 2, at the Columbia Country Club.

The Jefferson City club swingers perennial winners, again will field a very strong team headed by Dr. Paul Leslie, former Louisiana State University star and winner of the Louisiana amateur crown. Medical man Leslie will be backed up by Ed Loeffler, another L.S.U. star. Henry Andrea and Elliott Farmer to name a few. It is possible that Jim Tom Blair, III, soon to be discharged from two years of military service will be on hand to bolster the Capitol City Club's entry. Blair recently played in the Kansas City Open and was top ranking amateur in that event. Before entering the service the son of Missouri's Lieutenant Governor won the Missouri amateur title.

The Sedalia aggregation, according to Jack Kneist, team captain, will be headed by Charlie Patterson. 1954 club champion and ten year veteran of inter-city play, Herb Studer, three times club champion, L.L. Preston Moore, sharp shooting ace from the Sedalia Air Force Base, Bernard Stanfield, who along with Moore, will be playing his second year of inter-city play. Also on the Sedalia roster will be John Martin, former club champion, John Van Dyne, Damon Hieronymus, dark horse point grabber Dick Gorrell, Laddie Keens, Ted Maloney, John McGrath and Tom Cloney, all veterans of many campaigns.

The local club entrants have been working very hard on their respective games this spring and are going to Columbia determined to overthrow the reign of the highly touted boys from Jeff. Second round matches for the 12 man teams will be played at the Sedalia Country Club on June 16 with the third round match at the beautiful Jefferson City club on June 23 and the final round at Fulton on June 30. The respective courses are in the finest of playing condition this year and some excellent golf is being anticipated.

**SPEEDY HUNGARIANS POSE OLYMPIC THREAT**—Hungarian distance aces Sandro Iharos, left, and Laszlo Taberi embrace in London after Iharos broke the world record in winning the two-mile run of the British games in London's White City Stadium. Iharos time of 8:33.4 shaves seven seconds off the 1952 record of 8:40.4 set by Belgium's Gaston Reiff. Two days earlier, Taberi ran a 3:59 mile to win his event of the games. (Ap Wirephoto via radio from London).

Says Wes Santee Is Risking Amateur Rank by Expenses

SAN FRANCISCO (AP)—The Chronicle said today Wes Santee, U. S. Olympic team aspirant, is risking his amateur standing by accepting "far more than legitimate expense money in his current California appearances."

The Chronicle said Santee would receive about \$3,000 "in expenses" for five races in California within a month, "a sum far in excess" of the maximum allowed by National Amateur Athletic Union rules.

Amateurs are allowed \$15 daily expenses plus first class round trip plane fare to and from the scene of the meet.

"In Santee's case that would total between \$300 and \$350 for each of the five races—if he returned to his Kansas home between races," said the paper.

The Chronicle said meet officials reported Santee received \$350 for the Fresno Relays May 14, \$1,000 from the Los Angeles Coliseum Relays May 20 and \$400 from the Modesto Relays May 21. He will get \$750 from Friday's Compton Relays and about \$450 from the Pacific AAU meet in Stockton June 10, the paper said.

The Chronicle said its informants refused to be named.

The paper said Santee collected \$350 for plane fares for his wife for the Los Angeles and Modesto meets but did not refund them when she did not accompany him. Santee was one of four athletes penalized by the AAU on Feb. 21, 1954, for "breaking training and curfew rules."

The four were barred from foreign competition for one year. The report did not elaborate on the reasons for the suspension other than to say that most of the rules were broken in Sweden in the summer of 1953.

The AAU said at the time it investigated reports of a demand

Sweikert's Take Is \$76,138; Short of Record

INDIANAPOLIS (AP)—Bob Sweikert's victor's share of the Memorial Day auto race prize money was \$76,138.63—\$13,358 less than the record total won in 1953 by Bill Vukovich of Fresno, Calif.

"I would gladly give up my first place if Billy were here," Sweikert told the annual awards banquet last night as he accepted the check.

Vukovich, killed Monday when his car crashed and burned after he had led 50 of the first 56 laps. The overall 1955 prize divided was \$270,050, a record. This compared to the previous high of \$269,375 last year.

Tony Bettenhausen, Tinley Park, Ill., second among the finishers, won \$30,088.63, while 3rd place Jimmy Davis of Pacoima, Calif., collected \$16,968.63.

Official timing tape results released yesterday confirmed what spectators already knew: that Vukovich and Jack McGrath of Inglewood, Calif., had been in a bitter duel for the first quarter of the race. The two had identical times—136.091—miles an hour—for the first 54 laps before McGrath was stopped by ignition trouble.

Vukovich kept an identical pace for two additional laps before his car was involved in the four-racer smashup which took his life.

Vukovich, who placed 25th, won \$10,833.64.

Frankie Reynolds Wins Country Club Handicap

The annual Decoration Day handicap tournament for all male members of the Sedalia Country Club was won by Franklin Reynolds with a low net score of 70. Second and third place resulted in a tie between Harold Junge and Ex-Mayor, Herb Studer, each with a net 71.

Gross scores, handicaps and net scores follow:

Franklin Reynolds, 81, 11, 70; Harold Junge, 81, 10, 71; Herb Studer, 77, 6, 71; Damon Hieronymus, 78, 6, 72; Maurice Griffin, 82, 10, 72; Vic Van Dyne, 80, 6, 74; Carl Urban, 106, 32, 74; Charlie Patterson, 80, 6, 74; Bernard Stanfield, 78, 5, 73; John Van Dyne, 83, 9, 74; Elliott Stafford, 85, 11, 74; Phil Costello, 92, 17, 75; Dick Gorrell, 85, 10, 75; P. C. Owen, 85, 9, 76; Vic Scott, 94, 18, 76; Tom Cloney, 88, 12, 76; Laddie Keens, 85, 9, 76; Aubrey Owen, 95, 18, 77; W. C. Jones, 108, 29, 79.

Western Horsemen Urged to Attend

All members of Western Horsemen are urged to attend the 7 p.m. meeting Wednesday at the club grounds. Work will be done in preparation for the horse show which will be June 11. Members are to bring hamburger and buns for a hamburger fry which will follow the meeting.

Olson Starts European Tour During August

SAN FRANCISCO (AP)—A fistic circus featuring world middleweight champion Bobo Olson and ringmastered by Sid Flaherty will head for Europe in August for a series of one-night stands.

"We'll wind up in London, probably in September, with Olson meeting Don Cockell," Flaherty said today as he and his ace performer prepared to emplane for New York and their June 22 date with Archie Moore for the light-heavyweight championship.

Flaherty said arrangements for the bout were being made now through an agent he sent to England.

But Jack Solomons, Britain's promoter, today discounted the report Olson would fight Cockell.

Solomons said "there's nothing in it."

Seven fighters will make the European trip, one at each weight except flyweight. One of the group will box the main event on each card scheduled, with Olson appearing in an exhibition at every show.

"He'll sort of be an added attraction," Flaherty grinned. "We'll go to England, France, Germany and Ireland and I think a Flaherty show ought to do business in Dublin for sure."

"We'll wind up in London with Olson meeting Cockell and then head for home."

Stanky Says He Feels No Grievance Toward Anyone Over Firing

MOBILE, Ala. (AP)—Eddie Stanky, out of a job but not an income, says he holds "no grievance or ill feeling toward anyone" in the St. Louis Cardinal organization over his firing last week.

"That's just baseball," the former Redbird manager told newsmen yesterday.

He predicted that within a year or two St. Louis will have "a great team and one that will stay great for a long time."

Stanky Admits He Feels No Grievance Toward Anyone Over Firing

MOBILE, Ala. (AP)—Eddie Stanky, out of a job but not an income, says he holds "no grievance or ill feeling toward anyone" in the St. Louis Cardinal organization over his firing last week.

"That's just baseball," the former Redbird manager told newsmen yesterday.

He predicted that within a year or two St. Louis will have "a great team and one that will stay great for a long time."

Stanky Forced To Swallow Bitter Pill

NEW YORK (AP)—The most bitter reflection for Eddie Stanky to swallow must be the fact that in his four years as manager of the St. Louis Cardinals he put together the next "big" club in the National League, a talent-laden young outfit which is destined to run away and hide within a season or two as its pitching improves.

This high opinion of the Cards' potential is not just that of the writer, but is one which has been voiced in one form or another this spring by the manager of every other team in the older league. Birdie Tebbetts of Cincinnati insisted, for example, that the Birds could finish anywhere from first place to seventh, depending upon their pitching.

This was, incidentally, before Birdie or anyone else knew for certain that two more brilliant rookies, Ken Boyer and Bill Virdon, were going to step in and lock up regular jobs at third base and in the outfield. Even before that, they felt that the team would be murder once it got a few starters capable of holding the opposition to under 4.00 earned runs per game.

It was the knowledge of this which must have rasped upon Eddie's already frayed nerves this season and made him even harder than usual to get along with as one after another of the pitchers upon whom he had based his final hopes—Harvey Haddix and Brooks Lawrence, in particular—failed to come through for him and he felt the ax drawing closer.

Bears Stretch Ban Johnson League Lead

MOBERLY, Mo. (AP)—While the rest of the clubs are trading licks, the Jefferson City Bears are stretching out in their drive for the Central Missouri Ban Johnson League's first half pennant.

Jefferson City is sailing along on a four-game string of triumphs. Every other member of the eight-club circuit has been charged with two or more setbacks. Boonville and Brookfield, Jefferson City's closest rivals, are 1 1/2 games behind with 3-2 records.

Mexico, the 1954 champion, has dropped four games in a row.

The schedule: Mexico at Marshall, Wednesday night; Boonville at Columbia and Moberly at Jefferson City, Thursday night; Sedalia at Brookfield, Friday night; Boonville at Sedalia, Marshall at Moberly and Columbia at Brookfield, Sunday night.

The standings:

	W	L	Pct.
Jefferson City	4	0	1.000
Boonville	3	2	.600
Brookfield	3	2	.600
Columbia	3	3	.500
Moberly	2	2	.500
Marshall	2	3	.400
Sedalia	1	2	.333
Mexico	0	4	.000

Little League Opens Tonight At Stadium

Little League baseball is scheduled to open at 5:45 o'clock tonight at the Little League Stadium—providing rain does not interfere. All teams are to meet at 5:30 and all members must be in uniform, to participate in the opening ceremonies. In case of rain the opening will be postponed to Thursday night, same time.

The actual ceremonies will start at 5:30 with the flag raising under the supervision of the Boy Scouts, Cub Scouts, and Explorer Scouts.

Rev. Warren Neal, past president of Little League, will give the invocation. He will be followed by John Vandekamp, president of the Sedalia Park Board, who will give a short talk.

Plans have it for Dan Robinson, past president of Little League, to hurl the first ball with Rev. Neal at the plate and possibly Vandekamp behind the plate.

Games scheduled are: Elks vs. Kiwanis in the first game to start at 6 p.m., followed at 8 p.m. by a game between the Rotary and the Jaycees.

money as is Cam. In addition Pep is signed for 25 per cent of the net gate. Cam is slated for 20 per cent.

The fight takes the place of the Jimmy Carter-Wallace (Bud) Smith lightweight championship originally scheduled for this date but postponed until June 29.

Cam has won 32 of 37 pro bouts.

Willie Pep Admits He Feels No Grievance Toward Anyone Over Firing

BOSTON (AP)—Willie Pep, two time former featherweight champion, is fighting Joey Cam of East Boston tonight at the arena strictly for the money.

The scheduled 10 rounder will be televised nationally (ABC) at 8 p.m. (CST) with New England blacked out.

"What honor is left for me?" asks the 33-year-old Pep, who has lost only seven of 196 fights in 16 years of professional boxing.

"I've had all the big times and all the best of everything. Now it's strictly cash. That's what I need most. And this is the only way I know of getting it."

Pep is getting \$4,000 in television

## New Movie Advisor Trying To Restrain Film Violence

By BOB THOMAS

HOLLYWOOD (AP)—The man who is trying to put a restraining hand on movie violence is square-built, English-born Geoffrey Shurlock.

Last year, the 60-year-old Shurlock succeeded Joseph Breen as Hollywood's production code administrator. He and his staff survey most scripts and all finished pictures and advise studios on censorship matters.

If films conform to the production code, they get a seal certifying them to be shown in American theaters. Rarely do producers try to sell movies without a seal. "The Moon Is Blue" was one of the few exceptions.

As Hollywood's censor, Shurlock tries to avoid the limelight. But because movie violence has become such a big issue, he granted an interview or the subject.

"We saw this coming last November," he said. "There was a notable increase in the amount of violence in scripts being presented. Those are the pictures that are in release now."

"We cautioned the producers that too much violence would bring a reaction from the public."

I think we are making some headway in convincing them that violence should be toned down. But the results will not be evident in the theaters for another six months.

"One of the reasons I foresaw this trend toward violence was the Academy Awards. The top winners two years in a row were two extremely violent films—'From Here to Eternity' and 'On the Waterfront.' It was inevitable that others would follow."

How does the code authority gauge the public's reaction to film content?

"The audience is our partner in this business," said Shurlock, veteran of 23 years with the code. "We watch the reaction carefully, through the Legion of Decency, the 13 women's groups that review pictures, the Protestant Film Council, plus the important trade and newspaper reviewers."

How does the code govern violence?

"We have no hard and fast rules. Rules would kill this industry. We can only do what Joe Breen suggested: 'Let's make pictures that are reasonably acceptable morally to reasonable people.'"

One thing the code does prohibit: youngsters with guns.

Shurlock said he will not admit the claims of some critics that crime pictures contribute to delinquency.

"Perhaps two or three kids are induced to try crime out of the 800 million children in the world that see movies," he said.

Shurlock said he and his staff are looking more closely at scenes of violence in current scripts. One of the suggestions he has made

The tense and thrilling story of America's far-flung air frontiers is told in "Strategic Air Command", starting Thursday at the Fox Theatre. Photographed in Technicolor and VistaVision, the picture stars James Stewart and June Allyson, with Frank Lovejoy and Barry Sullivan in support. Filmed with the cooperation of the air force, the planes and bases in the picture are similar to the Sedalia Air Force Base, and a number of local personnel were stationed at MacDill AFB, Florida, at the time much of "Strategic Air Command" was being made.

## Decides US Cannot Oust Dick Haymes

WASHINGTON (AP)—A federal judge has ruled that singer Dick Haymes can't be deported because of a trip he made to Hawaii two years ago.

Dist. Judge Burnita S. Matthews yesterday rejected an immigration service contention that Haymes—a native Argentinian ineligible for American citizenship—subjected himself to deportation in the spring

of 1953 when he returned to the mainland. He had gone to Hawaii to fill a singing date and to be with actress Rita Hayworth, whom he later married.

A deportation order was issued against Haymes last November on grounds his re-entry into the United States constituted return from "a foreign port or place or from an outlying possession."

But Judge Matthews—who acted on Haymes' appeal from that order—said Hawaii "is a geographical part of the United States." Thus, she held that the singer never left the country and is not deportable. The judge said the phrase "outlying possession" as used in the law means only American Samoa and Swains Islands, one of the American Samoa group in the southwest Pacific.

The government can appeal Judge Matthews' decision.

Haymes told reporters in Beverly Hills, Calif., he was "so re-

lieved and so happy" and "very grateful to the court." Miss Hayworth said she was "so excited" she could hardly speak.

The government says Haymes became ineligible for citizenship during World War II when he claimed a neutral's status and did not serve in the U.S. armed forces.

## Woman Badly Injured When Car Hits House

DETROIT (AP)—Mrs. Bessie Johnson, 29, was seriously injured by an automobile as she swept her living room floor. An out-of-control car driven by Mrs. Minnie Thompson, 68, crashed through the side of the house, pinning her against a wall. She suffered a skull fracture and internal injuries. Mrs. Thompson escaped with minor injuries.

## Over \$90,000 Given To Aid Udall Victims

UDALL, Kan. (AP)—Private sources and organizations have contributed some \$90,000 to aid survivors of Udall, the Kansas village wrecked last Wednesday by a tornado which caused heavy loss of life.

Joshua Logan, director of the movie "Picnic" being filmed at Hutchinson, Kan., gave \$1,000.

Motorists who visited the stricken town over the weekend chipped in \$6,600. The Red Cross has earmarked about one million dollars in disaster relief money for the tornado area including Udall and Blackwell, Okla.

## Killed by Elevator

LUFKIN, Tex. (AP)—Billy Solly, 15, was killed yesterday when his head was crushed against a wall by an elevator in a department store. Store officials said Solly, a receiving clerk, apparently had pulled himself up on the elevator's back wall and was looking down the shaft as the elevator went up.

## BUY OR BUILD IN PARK HILL

## Male Ankles Become New Whistle Bait

This is the year that the U.S. male comes into his own. Now his well-turned ankles, exposed by shorter trousers and lower-cut shoes and glorified by dazzling socks, rate whistles from the girls.

Socks for spring and summer are being turned out in every conceivable color, pattern and knit—all for the greater glory of the male ankle. Some of the untraditional colors that will be plainly visible this summer include: helio, shrimp, burnt orange, flamingo, lemon, lime and champagne pink. It seems the men are buying them, too. Since the first conservative male was won over to a pink shirt, all bars seem to be down.

The vivid tints are used in various ways—as a discreet accent against a neutral background, or as a traffic-stopping blaze of color in a bold pattern.

Yarns used in the new socks cover a wide range—dacron, nylon, wool-and-nylon, orlon-and-nylon, as well as the more familiar wool, cotton and silk.

Other new wrinkles in the sock lineup are the stretch-to-fit sock and the built-in garter support.

### In a Military Manner

FT. CARSON, Colo. (AP)—Draftees and enlisted men sent here for their basic Army training are learning by doing. The old system of lectures and demonstrations by instructors in combat tactics has been abandoned in favor of actual practice of military techniques. Unit commanders and squad leaders are mostly combat veterans of World War II and the Korean War.

Major emphasis is placed on the M-1 rifle, basic infantry weapon. Other weapons include light machineguns, automatic rifles, carbines and rocket launchers.

Trainees also are taught bayonet fighting, night firing, first aid, guard duty, camouflage, battle in doctrine, mines and booby traps, signal communications, inspections, gas mask drill, field sanitation and intelligence.

## New American's Life Story Reads Like Old Fairy Tale

BY ALICIA HART  
NEA Staff Correspondent

NEW YORK — (NEA) — If a versatile, global gadabout named Margaret Liang Yen Yang Chiao "Laughin Buddha" "Little Wac" Briggs has a special fondness for fairy tales, it is easy to understand.

Her own exciting past is a fairy tale come to life.

The woman with many names is a carbon-copy example of the plots about poor little rich girls. The rich girls in question are those who flee from their homes of a too-strict father, seek their own independence, almost get killed in the process, then meet a Prince Charming who carries them off to Dreamland.

Now living in America as a fine new author, Margaret has followed the plot line right from the very beginning.

Her birthplace, for instance, was beautiful Peiping, China, where her home and family were straight from the storybooks.

The family was not only wealthy, it was one of the very few directly descended from Genghis Khan. And while millions of China's poor lived seven or eight to a room, Margaret (then Yang Chiao) had a private courtyard and servants.

But Father Yang was a tyrant. Like other old-fashioned Mongols, he regarded his only daughter merely as a marriage pawn. So at 17, determined to break the mold, Margaret became a rebel.

Fleeing to distant Shanghai, with no funds and a single dress, she changed her name to Liang Yen. Lying about her age, she set out to find a job.

During the next two years, the jobs she found were many and varied—secretary, teacher, hotel clerk, factory worker, writer and companion to an eccentric princess. Once there was even a try at the movies (a position she quickly vetoed when asked to show her knees).

Every inch of the way, Margaret stuck to her goal. She would earn her way to America, where women were treated as equals, and become a lawyer. But always something went wrong.

As Shanghai was falling, a terse letter arrived. "Are you willing to travel?" it asked. "Are you will-

They called her "Laughin Buddha," but her life was not to be laughed at. It was, rather, to be read.

ing to serve your country?"

Liang said "yes" immediately and was told to leave for Kunming, far off in China's interior. There she was told her mission: to pose as a language tutor while turning up Japanese spies.

Months of determined sleuthing, however, failed to yield any clues. And when local suspicion arose that Liang was a Jap spy herself, she quit. Soon she was chief assistant to the head of an export-import firm.

For the next couple of years, life was grim but rewarding. There were narrow brushes with enemy bombs. There were dangerous trips by truck on the ratty new Burma Road. But the savings account for the trip to America was growing as never before.

When the business finally died as the Japs sealed the Burma Road, enough cash had been banked to make the trip a reality. There was, however, a light obstacle. The money was banked in Hong Kong, hundreds of miles away and now held by the Japs. The trip meant hardship and danger had now become routine. In one of the few decisions she later came to regret, Liang decided to chance it.

The first leg of the trip was a six-day ride in crowded trucks,

largely through bandit country. Then came a stretch of 150 miles which had to be covered on foot. Finally, a secret fishing boat voyage into Hong Kong itself.

Often moving on nerve alone, Liang finally made it, only to learn at the end that the pot of gold had vanished. The Japs had frozen bank deposits.

Soon, however, she got revenge. In the guise of an ignorant country woman, she obtained a permit to leave Hong Kong. Outwitting the Japs at every turn, she managed to smuggle with her (1) the son of a friend (2) surveying equipment, and (3) military radios.

At Tchekam, in the French colony, she barely escaped capture when a tip came from a friend that a Jap agent was looking for her.

But then came the worst blow

of all. She became suddenly ill with a tumor and anemia.

Weeks of frantic searching, often on the verge of collapse, brought her at last to Chungking, where a British doctor said he would operate. There was one operation, then another. A coma, then another. Then a long convalescence.

Finally, a year and one half after she'd left, Liang got back to Kunming, now filled with Americans. Soon she was back at work, teaching the busy foreigners the complex Chinese language.

Soon, too, she was back in trouble. The association with foreigners revived suspicion that Liang was a spy.

The suspicion finally lifted, however, when U.S. intelligence officers asked her to teach for the OSS. From then till the end of the war, as "Laughin Buddha" or "Little Wac," she once more began to prosper.

When peace came, the future

was rosy. The job with OSS gradually ended, but salted away in investments were thousands of U.S. dollars—more than enough to go to America.

But fate was to deal one more blow. Before she could get underway, the business investments flopped. With them went every dollar.

By this time, of course, being wiped out completely was nothing new. With typical perseverance, Liang started teaching again, still convinced she could make it.

At this point in a fairy tale, the next turn would be obvious, and so it should be in this tale. With the heroine down on her luck, along came a tall Prince Charming, in the person of Walter Briggs, an American reporter.

When Walter quickly proposed, Liang's fear of a mixed marriage almost brought a refusal. But when love proved stronger than fear, she finally joined him in

Hong Kong and became Margaret Briggs.

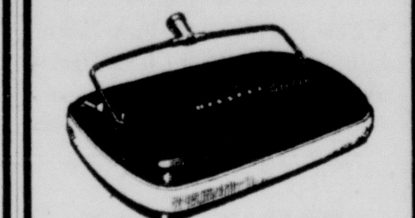

After a few more months, the big dream at last came true when Briggs brought her to America.
